

How will you build an AI-powered organization?

“Software providers can reduce churn by 36% by offering interactive and personalized onboarding and support”

Digital Transformation is needed more than ever before

The **Copilot Catalyst Program** is a comprehensive approach to AI, built on Microsoft best practices that seamlessly prepare your environment and organization for integration with Copilot for Microsoft 365.

WHAT TO EXPECT

By reshaping your operations around the technologies that enable AI, your business can centralize data management, governance, security, and organizational change, which encourages employees to integrate Copilot with their domain expertise - a powerful combination that fuels innovation and business transformation.

WHAT ARE THE BENEFITS OF SEER'S COPILOT CATALYST

- **Vision & Value:** Unified vision, hands-on experience, and increased organizational buy-in
- **Assess & Prepare:** Risk mitigation, cloud enablement, enhanced system resilience, and governance
- **Deploy & Enable:** Scalable solutions for future growth, maximized ROI, Copilot Center of Excellence
- **Integrate & Adopt:** Optimized usage, transformed daily tasks, and data-driven decision making
