

Pilario's mission is to inspire & empower companies using sustainability analyses and management as a cornerstone of their company's business strategy & performance.

Why Choose Us

Pilario sets the quality standard in the market, serving as a trusted partner to industry leaders such as **AB Inbev, Heineken, L'Oréal, Hermès, Nestlé, Ball**, and numerous other renowned companies. We play a pivotal role in helping these enterprises **continually enhance their sustainability efforts, making it a core pillar of their business strategy.**

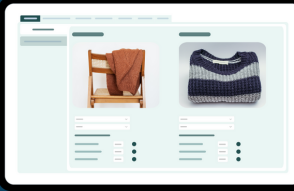

With our team of seasoned LCA (Life Cycle Assessment) experts and SaaS (Software as a Service) specialists, we offer **the ultimate SaaS solution for meticulously monitoring, evaluating, and reducing the environmental footprint of your products**

Our Top Features

LCA

Our software simplifies life cycle assessments. Expert-designed models ensure full regulatory compliance, including PEFs and PEFCRs, without expertise.

Eco Contribution

A single tool for Extended Producer Responsibility (EPR). Manage eco declarations and reduce tariffs instantly.

End User Communication

Instantly share your sustainability success with customers and stakeholders, reinforcing your commitment to the environment.

Our Core Industries

Partners

Metal Packaging Europe
