# AZURE INNOVATE WITH AI APPS - 3 WEEK PROOF OF CONCEPT (POC)

Azure Innovate, a comprehensive suite of cloud services from Microsoft, is designed to help accelerate digital transformation journey.

Nous offers a 3-Week Proof of Concept (POC) engagement tailored to empower organizations in crafting a pilot that unlocks the potential of AI, delivering unparalleled insights into innovation opportunities and paving the way for a successful digital transformation journey. Designed by Nous, the Azure Innovate with AI Apps 3-week POC provides a comprehensive deployment plan to modernize or build new applications using Azure's cutting-edge application, database, and AI services. This exclusive offer is a gateway to harnessing the power of AI to help identify opportunities for innovation and create an AI roadmap for success.

## WEEK 1   DISCOVER THE AI POTENTIAL

**Identify:** Pinpoint the perfect application within the business for AI-driven transformation.

**Explore:** Collaborate and explore Azure's vast selection of AI services, including Azure Open AI Services, Azure Cognitive Services, Machine Learning, and Data Analytics.

**Assess:** Analyze the chosen application and define specific business needs for innovation.

## WEEK 2 — PILOT THE AI SOLUTION

**Develop:** Build a pilot application leveraging relevant Azure services customized to unique requirements.

**Test & Iterate:** Test and analyze the pilot's performance, refining the solution for optimal results.

**Deploy:** Deploy the pilot application to Microsoft Azure, providing users with a hands-on experience and early insights.

## WEEK 3 — CHART THE SUCCESS PATH

**Analyze:** Analyze the pilot's data and findings, highlighting successes and areas for improvement.

**Next Steps:** Provide guidance and resources to ensure a smooth and successful transition to full-scale implementation.

**Plan:** Collaborate to create a comprehensive deployment plan for the AI solution, outlining the next steps and timelines.

## DELIVERABLES

- Comprehensive solution architecture utilizing applications, data, and AI services within the Azure environment.

- Detailed deployment plan for modernizing or creating new applications, utilizing the Azure platform's apps, data, and AI services.

## BENEFITS

**Uncover hidden value:** Identify opportunities to improve efficiency, increase revenue, and enhance customer experience.

**Expert guidance:** Benefit from the expertise of Nous' certified Azure architects and AI specialists.

**Fast-track the AI journey:** Gain early insights and validate the AI concept through a pilot deployment.

**Clear roadmap:** Get a tailored deployment plan for a successful implementation.
