

RIGHTSHIP

**Gain access to
charterer-level insights
with RightFLEET Lite.**

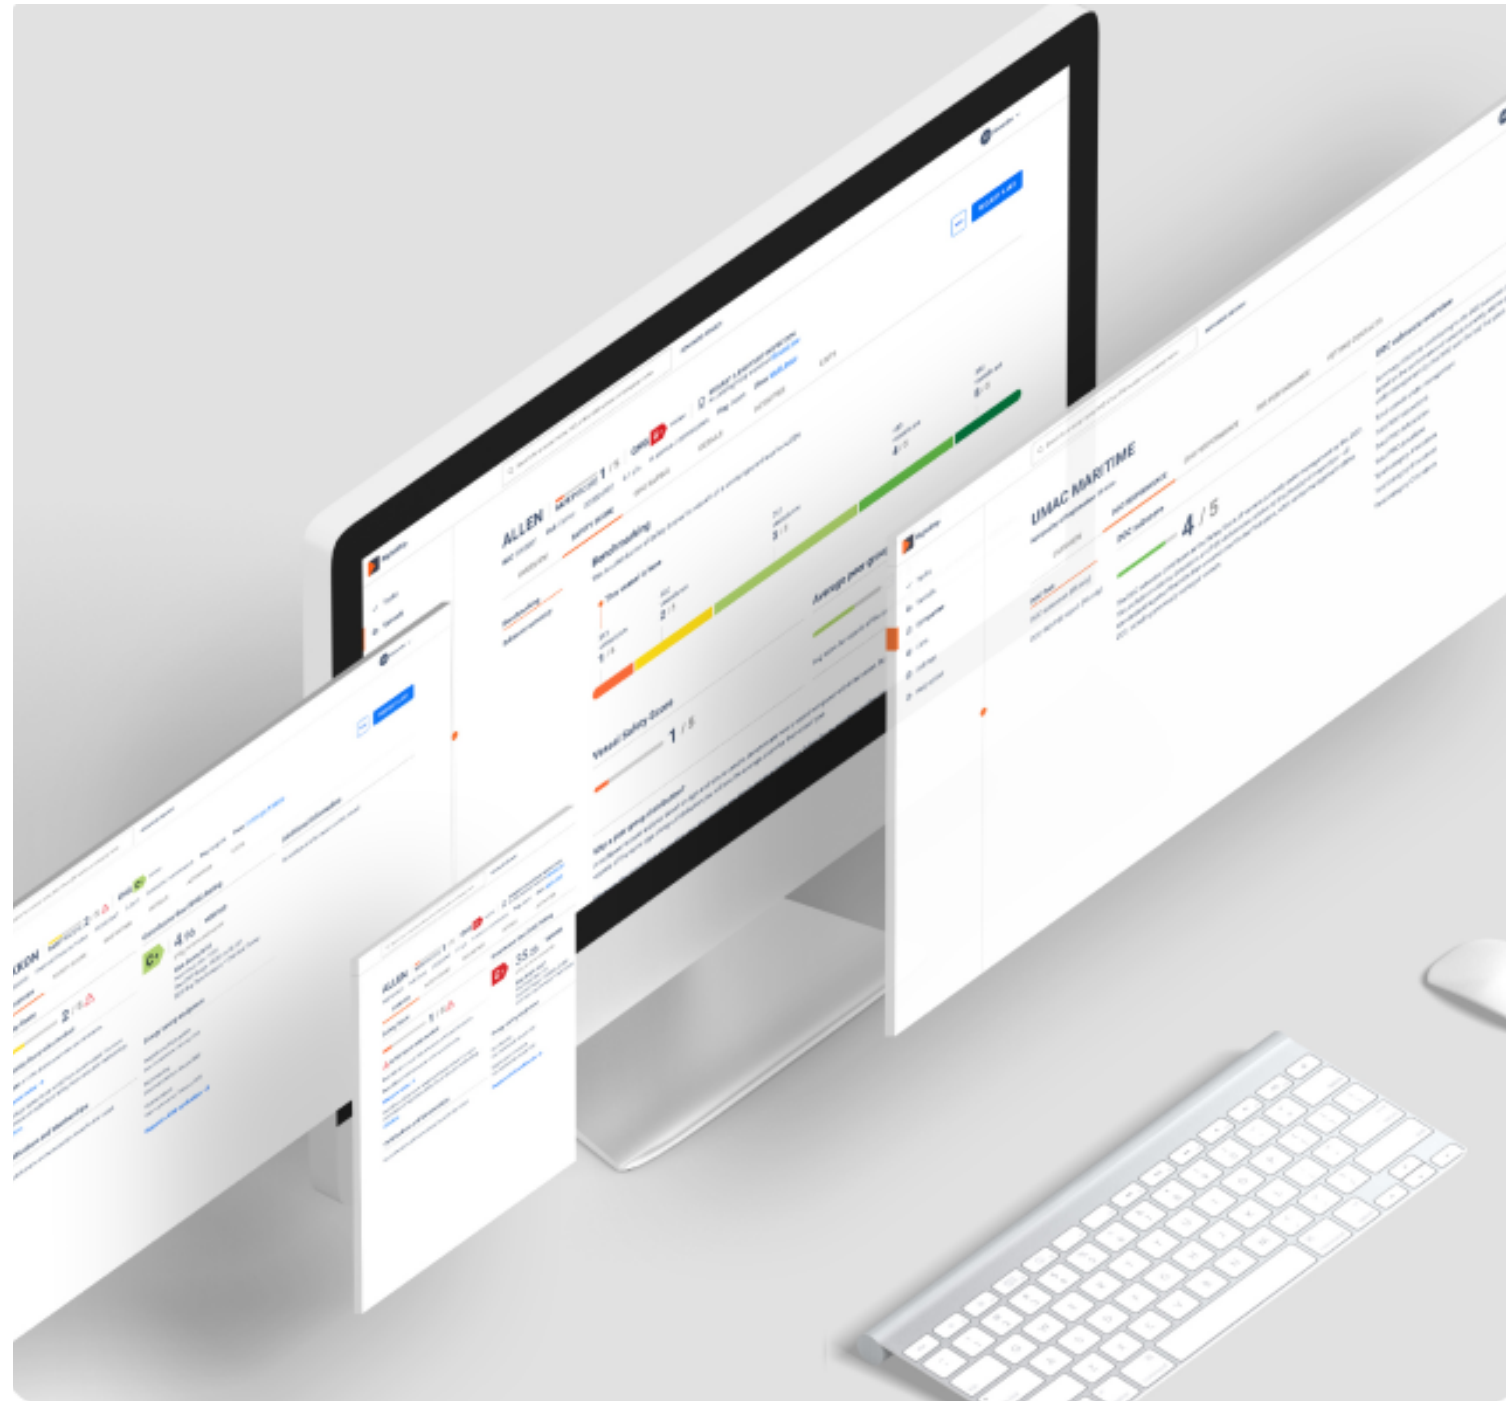

**Introducing flexible pricing that
adapts to your fleet size!**

Ship Manager or Owner with a fleet of 10 or fewer vessels? Your wait is over

RightShip now offers a cost-effective, user-friendly self-service platform option to owners and managers of smaller fleets. With this new option, RightShip is committed to providing accessible and affordable solutions to help smaller fleets operate more efficiently and safely.

Subscribe and start benefiting

Exclusive subscription benefits

Smaller fleet owners, managers and operators can gain access to the RightShip Platform to monitor individual vessel safety scores, GHG ratings and other key information on their vessels, hence eliminating blind spots.

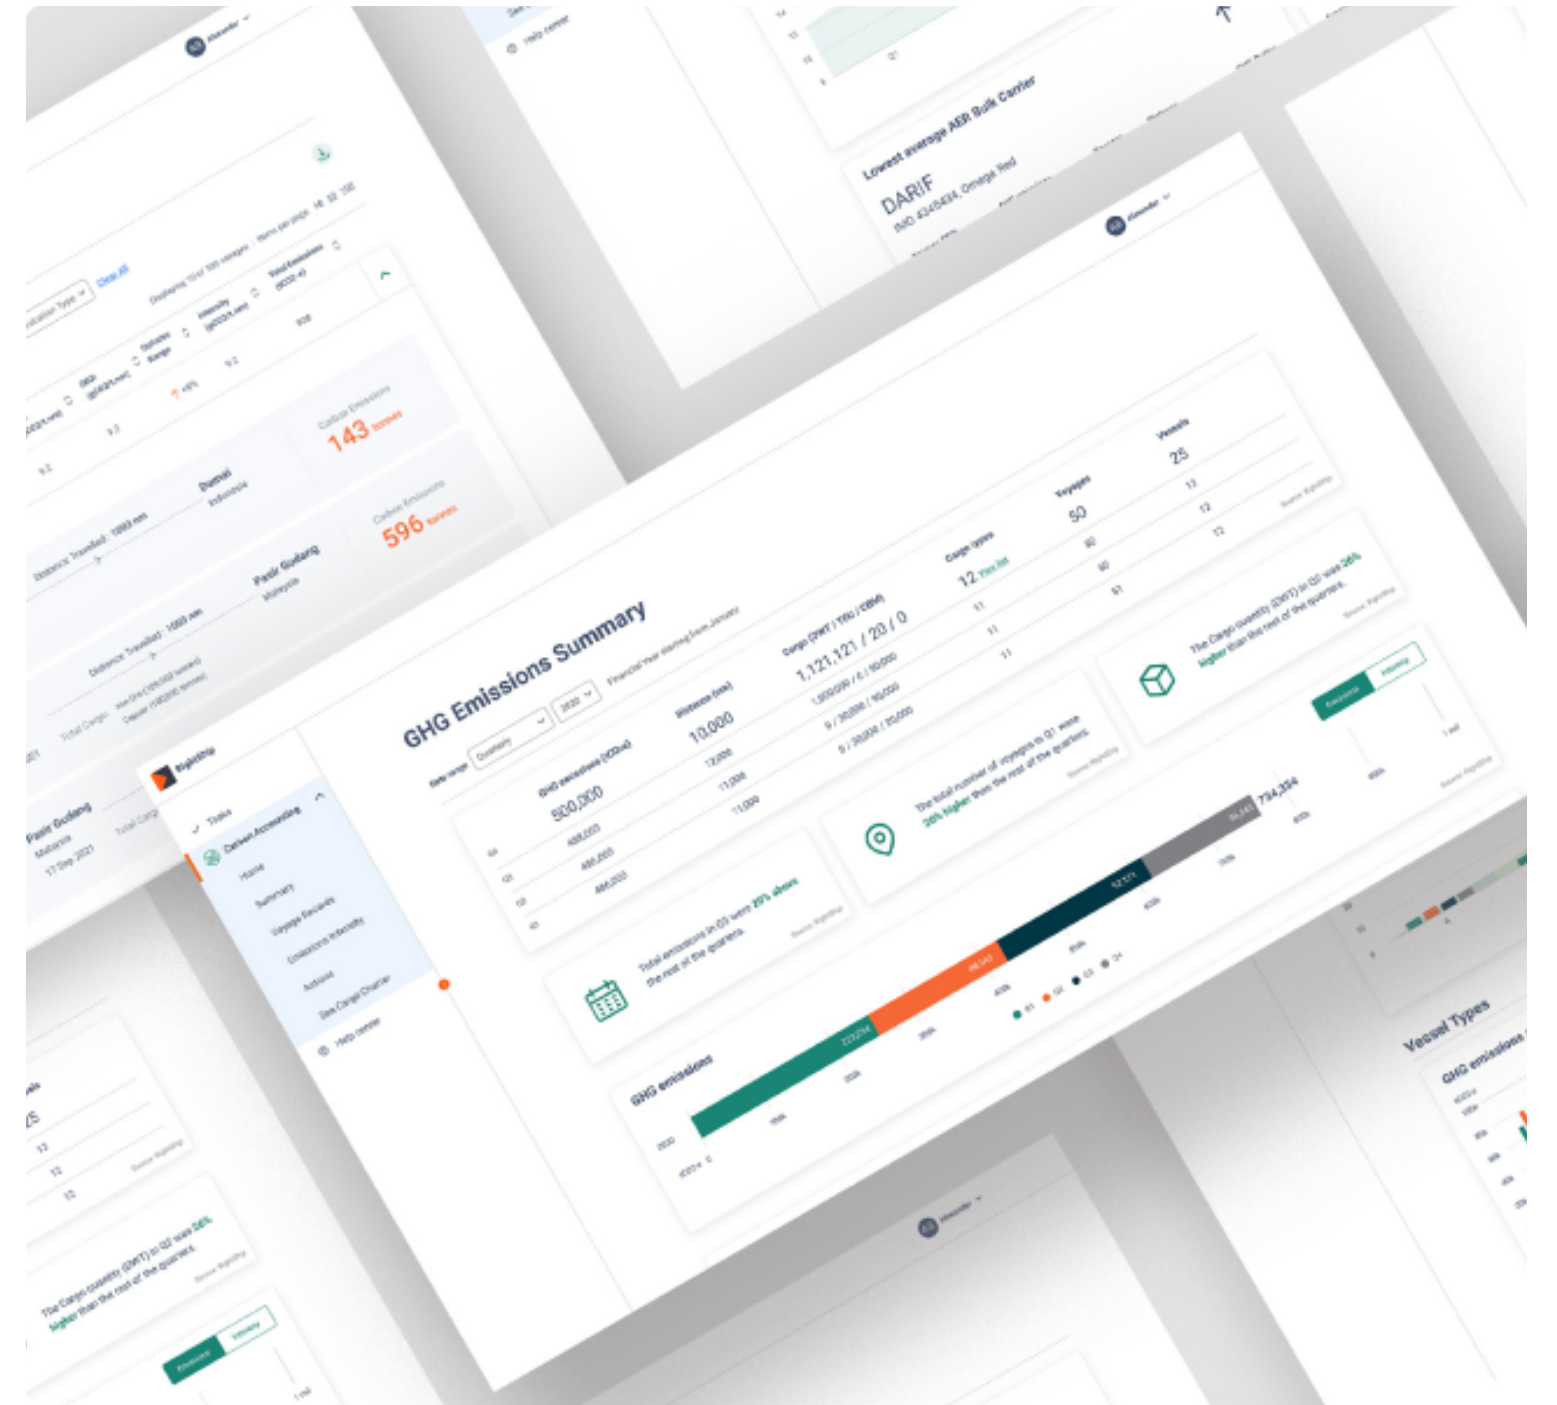

- Priority in data submission
- Dedicated key account manager
- Alerts on data requirements
- RightShip community access

RightFLEET is flexible

Pay for what you need

Ship owners and ship managers can now use our platform's power as they need it on-demand. Simply choose the number of vessels you need.

- Choose the number of vessels
