**The Migration project could range between 8 weeks to 16 weeks or more**

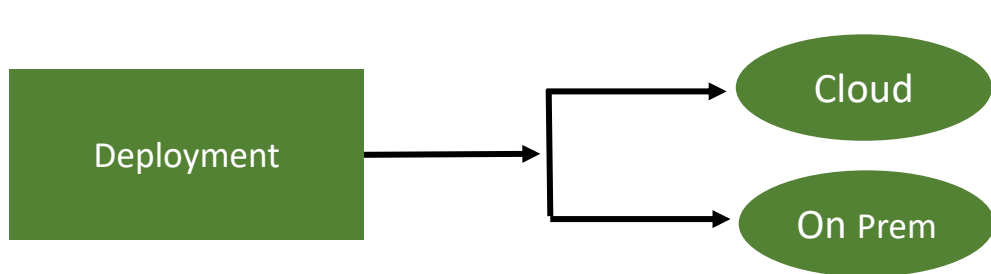

# Migration Considerations

NAV/GP/SL Database

1. Size of Database
  - Small (< 200 GB)
  - Medium (201 – 500 GB)
  - Large (> 500 GB)
2. Health & Hygiene

1. Quantum
2. Complexity

1. Inhouse team and datacenter
2. Database Size and Growth
3. Current Integrations
4. Existing Reports & data Sources

# Standard Migration Assessment

A migration assessment is the first step to help you understand the value of D365 Business Central

## ASSESSMENT WORKSHOP: MAIN COMPONENTS

### 1. Functional / Business Assessment

### 2. Technical Assessment

### 3. Assessment Findings & Recommendation

## ASSESSMENT DELIVERABLES

### Assessment report

- Review state of current solution
- Preliminary run of code through Alletec CDT tool to determine quantum and health of customizations done in NAV
- Assessment and joint review of CDT tool results
- High level estimation ranges for migration project
- Q&A time for your questions around upgrade

### Assessment Duration

up to 2 weeks

Involves Domain experts from Alletec

### Workload

Dynamics NAV/BC/GP/SL

### Customer estimated time commitment Between 4 to 10 hours

One or Multiple Online discussions through Microsoft Teams will be scheduled with Business Users.

This is required to examine your current business processes and assess how you may be able to benefit from new capabilities and enhancements by migrating to Business Central
