Engagement Overview

What does a typical engagement look like?

POWER PAGES DESIGN SPRINT

1

Discovery Questionnaire
Pre-engagement exercise to collate information & discover the as-is and to-be processes to be uplifted into Power Platform workloads & surfaced via Power Pages.

2

Design Session
Collaborative workshop on Day 1 to understand the desired outcomes & scope solution to the development timebox.

3

Development
Implement the agreed scope of the lean Power Pages solution in your Microsoft tenant across 1-2 weeks with daily check-ins on progress.

4

Showcase & Refinement
Final day walk-through of the solution. Showcase how it was built and how to use. Slight refinements where required to prepare for production pilot.

5

Production Roadmap
Plan for how to validate whether the design sprint & pilot was successful. Capture requirements on what would make it production ready for the organisation.
