⊘ Trusted by

Digital transformation is tough

Transforming workshops in motion is tougher

With our digital transformation team members with 20+ years of industry experience and with the 10 years of Automotive Garage experience, we do things differently and we've got proof that it works.

We follow an extensive solutioning process to achieve this from authoring a customized solution blueprint to running a live-rollout.

We look forward to building a relationship and demonstrating the Addenda way.

Get setup today. Automate repair tomorrow.
