

Azure Virtual Desktop

Switch from managing on-premises infrastructure to focusing on streamlined desktops and apps, empowering your workforce. Emergent Software will help with initial design and planning of your Azure Virtual Desktop needs. By leveraging AVD, you benefit from the scalability, flexibility, and security abilities of a global cloud—all in a consumption-based operating expense model.

Enhance Cost Efficiency

Use only the resources that you need when you need them.

Strengthen Security

AVD keeps your data in your cloud environment and off insecure endpoints.

Streamline Disaster Recovery

Azure's cloud infrastructure provides an efficient disaster recovery process.

Achieve Scalability

Easily scale VMs up and down based on business requirements.

Licensing Advantages

Leverage existing Microsoft 365 licenses for AVD to reduce costs.

Optimized for Teams & Office

AVD is optimized for the applications your users know and love.

Flexibility for Remote Work

Empower your users to work from anywhere on any device.

Azure Integrations

AVD integrates seamlessly with other Azure services.

EMERGENT
SOFTWARE

Your Full Stack Technology Partner

At Emergent Software, our business is helping your business succeed. We work as a trusted extension of your team, providing software development, cloud transformation, and data engineering solutions.

We're here to solve today's problems and help you build for tomorrow.
