EHC Professional Service

Proven methodology to deploy Epic in the cloud

DISCOVERY & ADVISORY

- Epic technical discovery
- 3rd party dependencies
- Security assessment
- Architecture diagrams
- Remediation plan
- Detailed project plan
- Total Cost of Ownership

CLOUD FOUNDATION

- Landing zone buildout
- Networking setup
- Governance setup
- Monitoring setup
- Security setup
- FinOps
- Terraform development

BUILD STAMP

- IaaS deployment
- App Delivery
- ODB
- Cogito
- Client Systems
- Data protection buildout
- Well-architected review

ALTERNATE & PRODUCTION STAMP

- GENIO testing
- IRIS mirror testing
- Data protection buildout
- DR cutover
- Validation
- Well-architected review

HYPERCARE

- User acceptance
- Performance optimization
- Cost optimization
- Knowledge transfer
- Environment handover
- Troubleshooting
