About Citrin Cooperman

Citrin Cooperman is a full-service professional services firm that provides everything from digital services, business outsourcing solutions, tax services, and assurance solutions. Our digital services team focuses on modern platforms for the middle market that elevate your business along a maturity model that matches your industry.

What We Offer

The Citrin Cooperman Microsoft (MS) Copilot Workshop examines how creativity is captured to unlock creativity and uplevel skills. The result is an actionable, Microsoft copilot workshop--specific roadmap. Adding MS Copilot to your technology stack will have wide-reaching impact. MS Copilot leverages your systems and data so that all employees across your business benefit from this exciting resource.

Your business needs a partner with expertise across the board to navigate the required integrations producing revolutionary user experiences that drive customer and employee satisfaction. The Citrin Cooperman team will evaluate your business' current systems, discuss the possibilities CoPilot can offer, identify targets, and ultimately develop a plan for implementation.

- Organizations can be on the cutting edge of technology.
- Functionality that has been conceptual is now a possibility.
- Technology investment creates a strong competitive advantage.

The relationship built during the workshop establishes the confidence that an AI driven organization can be a reality.

Why **Microsoft 365**?

Save your company money

Microsoft 365 is available as a simple, monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

Scale your business quickly and flexibly

Microsoft 365 grows with you on the Microsoft Azure Cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Microsoft 365 provides many plans to fit the right capability needs and price points for each user in your organization.

Technical support

Your Microsoft 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

Financially backed Service Level

Agreement

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service-level agreement.

Simplified IT management

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.

Key Use Cases

BUSINESS-CLASS EMAIL

Build anything from lightweight websites to multi-tier cloud services that scale up as your traffic grows.

CLOUD STORAGE

Rely on geo-redundant cloud storage for backup, archiving, and disaster recovery.

MEET ONLINE

Get actionable insights from your data by taking advantage of a fully compatible, enterprise-ready Hadoop service.

COLLABORATE, CHAT PRIVATELY

Accelerate your mobile app development by using a backend hosted on Microsoft Azure.

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.
