Today Eusoft is a multinational company of 40+ people with Headquarter in **Bari**, offices in **Milan** and **London** and various international partnerships.

Our offices:

**Italy:** Bari (Headquarter) – Milano

**UK:** Reading

# OUR VISION

To be not a simple supplier but a precious partner for our customers.

To contribute to the growth of our customers with high quality LIMS solutions, taking advantage of digital innovation, primarily the **Cloud** and **Mobile** computing.

Microsoft  
Partner

# OUR ORGANIZATION

Eusoft's success lies in the combination of professional skills, technological infrastructure and excellent customer service. Our highly-qualified team has been working exclusively with testing laboratories for years.

**40+ employees**

**25 years of experience**

# Industries

With our wide experience in providing LIMS solutions, we have computerized 200+ companies in different countries.

**Eusoft.Lab** contains business logics and **industry packages** by sector (*food & beverage, environmental, utility, contract services, chemical, oil & gas, pharma, R&D*), thus enabling laboratory with specific configuration and customization for its segment and reducing time of adoption.

**Eusoft.Lab** is validated to operate in compliance with the principles established by the **UNI CEI EN ISO / IEC 17025** and **CFR 21 Part. 11 FDA** standard.

# WHY TO CHOOSE US

One of the few LIMS in the world natively engineered to be used as a service (SaaS) on Cloud platform

- *Many LIMS are client/server application moved on cloud platforms to be used as hosted*
- *Markets&Market research has quoted Eusoft as one of the only two European pure SaaS LIMS vendor*

Very flexible and customer oriented organization

# OUR SERVICES

The **Professional Services** team is a mix of functional and IT skills people with a long experience on laboratory management project, in compliance with industry standards.

**Eusoft** provides **Support Services** to their customers with an internal customer care team, designed with **SLA** and **KPI** specific for customer needs.
