

Preparation for Microsoft 365 Copilot Assessment (MW Solution)

Held in-person or virtually this discovery and assessment engagement focuses specifically around understanding the application and use of Microsoft Copilot, tailored specifically for your organization. This assessment is a 3–5-day engagement.

Cost: This is a paid engagement starting at \$3000

Included in your customized Microsoft 365 Copilot Assessment will be:

- A description of the Microsoft 365 Copilot system
- Discussion of features, benefits, and use cases
- Demonstration of current Microsoft Copilot product implementations (based on release availability)
- Discussion/use of Microsoft Purview
- Discussion/use of Microsoft Syntex - SharePoint Advanced Management (SAM)
- Perform limited data discovery in client environment
- Review results and recommendations

Pre-requisite: Existing subscription of E3 or E5 with Purview Compliance or Purview Risk and Compliance trial.

Dedication. Innovation. Results.
