

Windows 365 Rapid Deploy

Gain the benefits of an elastic cloud Virtual Desktop.

Our Approach

- Assess and Design
- Refine Requirements and Use Cases
- Align the Technologies
- Deploy, Secure and Test
- Train, Support and Adopt
- Optimize and Operationalize

Common Challenges

- Managed Windows workstations that provide ideal onboarding, operational support and day-to-day user experiences
- Integrated desktop experience with Microsoft 365 services
- Integrated management for desktop patching, application deployment and IT support
- Secure, scalable, hybrid, Virtual Desktop leveraged for various use cases, employees, contractors and remote workforce
- Scalability limitations due to hardware or compatibility issues
- Inefficient and untimely provisioning of users

Benefits

- ✓ Provides your content wherever you go at any time
- ✓ Consistent settings and user experience integrated with Microsoft 365 services
- ✓ Get your users up and running in minutes, not days
- ✓ Centralized and securely managed applications
- ✓ Scalable and elastic for temporary workforce with quick on / off boarding
- ✓ Perfect for mergers and acquisitions providing various options for the user estate
- ✓ Included with your M365 Licenses
