

Introduction to the

CatalystOne HR system

for Human Capital Management

5 reasons for choosing CatalystOne

For HR:

1. Streamline all your HR processes across locations, departments and functions
2. Always access to HR reports with up-to-date data and analytics
3. Self-service and automation saves time and ensures accuracy of HR tasks
4. Align managers and increase the quality of employee follow-up
5. Involvement and engagement is key to happy employees

For management:

1. Company goals and individual goals can easily be aligned
2. Ensure high retention of key employees
3. Keep benefits and compensation processes according to budgets and allocations
4. GDPR compliance is dependent on secure handling of employee data
5. 15 years of experience and a large installed base across Scandinavia and Europe

For IT:

1. A complete HR technology suite from a single supplier saves time and resources
2. Stress-free integrations with your existing technology stack
3. A born-in-the-cloud software with all the benefits of SaaS
4. GDPR compliant technology and organisation
5. Industry-leading customer support with an average satisfaction rating of 99%

Key system features
