

SECUDE

An aerial, high-angle photograph of a long, curved bridge spanning across a body of water. The bridge has a light-colored walkway and a metal railing. Several people are seen walking along the bridge. The water is a deep blue, and the sky is clear. The bridge curves from the top left towards the bottom right of the frame.

Extending Azure Information Protection to CAD environments

Today, data streams have no limits

How secure is your data when it's shared globally?

SECUDE

SECUDE and Microsoft – Strategic partnership

- “SECUDE shares Microsoft’s vision of protecting customers’ sensitive data so we see HALOCORE as a natural bridge that connects Microsoft Azure Information Protection with SAP applications’ security control mechanism and as such a mutually beneficial proposition,”

Gagan Gulati, Head of Product for Azure Information Protection at Microsoft Corp.

SECUDE signs interoperability & joint marketing agreement with Microsoft – July 2018

SECUDE

HALOCAD® - End-to-End IP Protection

- The only solution to integrate Azure Information Protection into CAD environments
