

# Ashling Partners

"Automate to Innovate"

Work with one of the largest service providers in North America with a laser focus on hyperautomation.

## POWER AUTOMATE DESKTOP MIGRATION ASSESSMENT

Looking to move, but not sure where to start?  
Ashling can scope the effort and provide a path to action!

### Why move to Microsoft Power Platform?

**KEEP PACE WITH THE COMPETITON**

Modernized applications that leverage AI are the new norm

**COST EFFICIENCY & OPTIMIZATION**

Maximize the ROI of any previous investments in Microsoft

**ENABLE DATA-DRIVEN DECISIONS**

Add analytical capabilities for real-time dashboards and insights

### SERVICE DESCRIPTION

A rapid, comprehensive package designed to evaluate and kickstart your company's migration from any existing RPA platform. This free workshop and accelerated assessment provides the insights and foundational steps necessary to embark on a successful migration. It is crafted to deliver maximum executive insight and strategic direction while minimizing potential risks.

With our expert resources, actionable deliverables, and strategic planning, you'll be well-equipped to take on the challenges of an automation migration with confidence and clarity.

**Prioritized Process & Automation Backlog**

Complete backlog with recommended priority by business value

**Up to Four Process Proof of Concepts**

### DIFFERENTIATORS

1

**Elite Microsoft Expertise**

We are a recognized Microsoft Solutions Partner who specializes in supporting migrations from other RPA platforms to the Microsoft ecosystem. Choose a partner that has over 70 unique Microsoft certs.

3

**Tremendous RPA Expertise**

Ranked as an industry leader by Forrester in the RPA services segment, Ashling Partners has deep experiences across many of the source RPA platforms you may be considering moving from.

2

**360 Degree Service Provider**

Our team's proficiency spans across planning and advising, building and promoting, running and managing, and measuring and improving, ensuring a holistic migration approach with full support options.

4

**Our Value-first Philosophy**

We are deeply committed to ensuring the bots migrated to Power Automate Desktop make the most sense for your ROI - and this guidance is a part of our full implementation.

### RELATED OFFERINGS

#### ADVISORY AND COE SERVICES

Led by business consultants familiar with your industry objectives, offering their strategic guidance. Learn more about where you can automate next, and importantly, the value impact it would have across your organization.

#### MANAGED SERVICES (mROC)

Our Modern Robotic Operating Center ensures automations that have been migrated run smoothly for the long-term with active monitoring, proactive maintenance, and break-fix support tied to SLAs. Includes 8x5 or 24/7 coverage.

#### APPLIED AI SERVICES

Raise the bar by adding AI into your processes after they are migrated! Examples include extracting data out of documents, making business decisions without a human involved, generating content, and much more!

### START YOUR INTELLIGENT AUTOMATION JOURNEY

Our team has significant experience helping our clients improve efficiency and embrace change. That is our #1 priority.

Schedule a consultation with an automation expert.
