

# Plan Heal

Colon Health Journey Assistant

Scales patient Colon health monitoring for better access and risk detection

Plan Heal is a  
Microsoft  
for Startups  
Company!

## The Problem

High numbers of Colorectal Cancer patient incidences that go misdiagnosed, undiagnosed, or late-detected.

## Colorectal Cancer Care Costs Continue to Increase

The cost for Colorectal Cancer medical services was \$23.7 billion and \$0.6 billion for prescription drugs.

Product Solution

The Colon Health Journey Assistant is a Smart Health Bot that can more efficiently scale patient monitoring and care guidance.

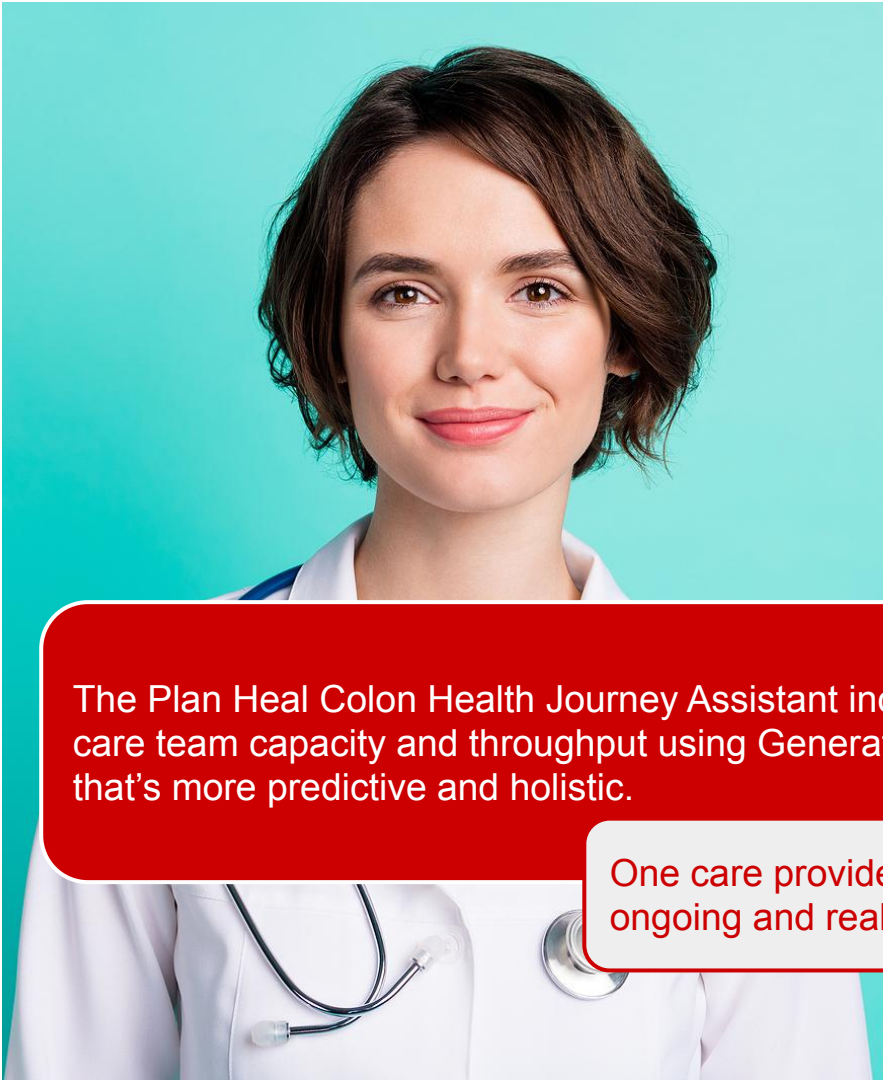

How Colon Health Journey Assistant Works

Dr. Smith and Ethan use the Colon Health Journey Assistant to continuously monitor Ethan's Colorectal Cancer more efficiently.

The Plan Heal Colon Health Journey Assistant increase care team capacity and throughput using Generative AI that's more predictive and holistic.

One care provider now has more patient care capacity with ongoing and real-time patient care analytics.

Ethan can now increase his health literacy and better manage and report his health in a more holistic way.

Do you need to speak with a Care Provider team member to discuss anything right now?

A minute ago

Yes
