LTIMindtree

Let's get to the future, faster. **Together.**

Azure Competency deck

LTIMindtree Azure Cloud offerings

Consult
CAF aligned, tool led Assessment to build Cloud Strategy

Deliver
Provision and perform Rehost/Replatform/Refactor

Operate & Optimize
Hypercare and seamless BAU support post Handover

Embark Cloud
Tailored cloud strategy with measurable outcomes in line with business needs
Multi-Cloud / Digital / CX / Industry

Cloud Assessment & Discovery
Cloud suitability assessment for transformation and GRC analysis

Well Architected Reviews
Cloud native, secure, scalable, high-performing solutions
Best Practices / WAR / POVs

Cloud Platform Build
Rapid programmatic platform provisioning for cloud foundation
Smart Deployment | Blueprints | Repeatable

Cloud Migration
Rapid, repeatable, automated movement of workloads to cloud
DC Uplift |Mainframe |License Freedom| App to Container Migration| DB Migration

VMware on Cloud
Seamless movement VMware to cloud

Boundaryless Operations
Proactive, predictive management of multi-cloud applications, data, infrastructure
SecOps |SRE |AIOps CBP |Single Pane of Glass| Cloud Analytics |Container Lifecycle| Cloud Ops| GenAI Ops Insights

Cloud Economics
Continuous Cloud Optimization and FinOps for Multi-Cloud Environment
Governance| Cost Insights| Recommendations

Extreme Automation
Everything as code (EaaC), from repetitive, error-prone manual operations to an automated code-to-cloud workflows

Industry Cloud
Heavily customized fit-for-purpose, industry specific across Multi Clouds *Bank in Box| Mediacube| Aspentech / AssetNXT |Majesco | Duckcreek*

IPs and Accelerators, Our differentiators

INFINITY

V2C Automated multi-cloud Infrastructure provisioning & Container migration	**50% lesser time** to Modernize & Deploy
INSIGHTS Assess readiness of infrastructure for migration to cloud with the most appropriate roadmap	**2X** faster assessment
ENSURE Autonomous cloud governance and FinOps platform built to manage multi-cloud environments	**Real time** audits and **auto** remediations
CLOUD ELEVATE Cloud build automation with an API engine and pre-defined templates	**30% accelerated** deployment and provisioning
WATCH Single pane view into 360° observability with 50+ connectors to industry tools	**25%** savings in operational costs

canvas by LTIMindtree

Cloudxperienz Integrated Platform for end-to-end Multi Cloud Management Services	**60%** improvement in MTTR through Automation First Approach
AiOps Ai Platform for Digitized Operations	**Hybrid IT Ops ready AI bot** solution
