About Audax Labs:

Audax Labs is an innovation-driven technology solutions and consulting company. We help global customers grow and thrive in the digital ecosystem.

With our deep industry knowledge, talented workforce, and innovative solutions around AI/ML, IoT, Cloud, Analytics, AR, and VR, we help customers enhance their digital experience, improve revenue, and achieve operational excellence.

Service overview

The increase in number of litigations across the globe is forcing organizations to be prepared for any investigation or litigation. DataBeagle offers ways to discovery of relevant sensitive information. The product has been created by Audax Labs, leveraging Microsoft Azure. DataBeagle not only performs the active analysis of internal data designed to reduce risks associated with business practices but also provides the facilitation of legal processes associated with eDiscovery intended to reduce cost and time.

Deliverables

Audax Labs' DataBeagle provides the customer with:
- Data monitoring, Data analysis, and Data safeguarding
- Disparate data sources at your fingertips
- Fast decision for litigation or settlement actions
- Dark data discovery
