What Are the Key Benefits of a HITRUST MyCSF Subscription?

HITRUST® MyCSF®

1 — Reduces overall assessment management costs

With a HITRUST MyCSF® ("MyCSF") subscription, organizations can save time and money on future assessments by saving past data and Corrective Action Plans (CAPs).

2 — Provides continuous visibility of risk posture

Organizations can maintain a full view of their risk posture throughout the assessment life cycle to react to HITRUST CSF® updates and new threats to their environment.

Key Features of a MyCSF Subscription:

DATA RETENTION

- Easily produce future readiness or validated assessments
- Interim assessments auto-populate 90 days prior to their due date, free of charge
- Eliminates data re-entry, saving valuable time

INTERNAL & EXTERNAL INHERITANCE

- Organizations can assess a system once and leverage the result in subsequent assessments that cover the same or new systems
- Organizations can leverage Service Provider assessments through external inheritance in lieu of testing – saving their assessor time and costs

EFFICIENCY OF REPORTING

- Assess once against up to 44 authoritative sources and obtain a single report with the ability to provide assurances to multiple requesting parties
- Produce scorecards to demonstrate compliance with international, federal, and state regulations, or standards in the assessment scope

LEVERAGE API WITH NATIVE TOOLSETS

- Integrate native tools with MyCSF to facilitate information exchange
- No need to learn another tool

RESULTS DISTRIBUTION SYSTEM

- Allows assessed entities to share assessment results through a highly secure web portal or API
- Enables relying parties to more easily find and view the assurance information they need to make better-informed decisions faster

ADVANCED ANALYTICS & BENCHMARKING

- Streamlined analytics, reporting, and results
- Custom Analytic Reports, Benchmarking, and Dashboards

STRATEGIC DECISIONS

- Organizations can use MyCSF to understand current risk and compliance postures
- Easily identify gaps in your information protection program and track remediation efforts

COMPLIANCE AND REPORTING PACK FOR HIPAA

- Automatically compiles the list of evidence collected during the HITRUST Assessment process and provides specific information required to show compliance with HIPAA regulations.
- Information is consolidated into a compliance report, formatted by HIPAA control, and populated with evidence that can be shared directly with Office of Civil Rights (OCR) investigators.

Additionally, each organization is assigned a dedicated Customer Success Manager to assist with any HITRUST needs.
