# ORGANIZED CRIME GROUPS & OFFENDERS EXPLOIT OPEN WEB PLATFORMS TO TARGET END-CONSUMERS

- **HARM TO END-USERS FROM ILLEGAL GOODS, CONTENT & UNSAFE PRODUCTS**
- **NEW EU/UK DIGITAL SAFETY LAWS WITH FINES OF UP TO 6% OF GLOBAL REVENUE**
- **REPUTATION & COMPLIANCE RISKS FOR PLATFORMS & DIGITAL SERVICES**

# Vistalworks machine learning powered data services detect risks and enables preventative action

The screenshot displays the Vistalworks dashboard interface. On the left is a dark blue sidebar with the Vistalworks logo and a navigation menu. The main content area is white and features a 'Subscriptions' section. Under 'Subscribed Services', there are three cards: 'Online Harms', 'Breach of Terms', and 'CSAM Link Sharing'. Each card lists subscribed teams and active plans. Below this is a 'Not Yet Subscribed' section with four service cards: 'Illegal Products', 'Border Tracking', 'Consumer Protection', and 'Vistalworks Analytics'. A banner at the bottom right indicates availability on Microsoft Azure Marketplace.

## Subscriptions > CSAM Link Sharing

### CSAM Link Sharing

Detect CSAM link sharing behaviour.

This service detects patterns associated with offenders sharing and trading links to CSAM material.

These reports contain upsetting data related to extreme criminal activity and should be handled in accordance with local laws.

Subscribed since 30 Oct 2023
