### Closing the Last Mile From the Field to the Office

# What is weavix

weavix®, the Internet of Workers® platform, brings communications and productivity together to reveal the hidden opportunities and true value of the frontline workforce. It equips the frontline worker with communication tools and capabilities that enterprise needs to drive scalable, long-term success. weavix® provides a single platform for a range of industries to manage all employees, contractors and communications.

- ✓ **Increase Communication**
- ✓ **Enhance Safety**
- ✓ **Boost Productivity**

### A COMMUNICATION & PRODUCTIVITY ECOSYSTEM

# Paving the Way for Advanced Workforce Efficiency

weavix® allows corporations to realize the full potential of their workforce. Out in the field or in the office, weavix™ brings every worker together in a single communication and productivity platform to enhance every aspect of your enterprise.

#### **UNITE YOUR WORKFORCE**

weavix® offers the most advanced collaboration capabilities. Bring your field workers, contractors and office teams together in one comprehensive platform.

#### **ADVANCE SAFETY INITIATIVES**

Starting with communication, weavix® unveils opportunities to digitally enhance safety initiatives and reinforce your current practices in the facility.

#### **INCREASE PRODUCTIVITY**

The Internet of Workers® uses advanced smart radios to connect your workforce and provide accurate worker insights for optimization of your frontline.

MORE WAYS TO WORK TOGETHER

## Push-to-Three Collaboration

Drive on-site communication, safety & productivity  
to transform the frontline workforce like never before.

Moving beyond basic push-to-talk, weavix® makes both picture and video messaging available at the push of a button. Push-to-Talk, Push-to-Picture and Push-to-Video come together for the new standard in frontline communication: **PT3 Collaboration**.

### **Talk**

Send crisp & clear voice messages at the push of a button.

### **Picture**

Snap, send & receive images for quick visualization.

### **Video**

Easily collaborate face-to-face, even when you're not.

THE NEXT GEN  
OF FRONTLINE  
COMMUNICATION

## We Have Every Worker Covered

### **MICROSOFT TEAMS INTEGRATION**

Get the frontline and the office on the same video and audio calls to fully outfit an entire connected workforce.

### **GLOBAL ACTIVE DIRECTORY**

All your frontline, contractors and office teams available in one platform. Search, invite and connect with all weavix® users to streamline collaboration.

### **LANGUAGE TRANSLATION**

Overcome communication barriers throughout your enterprise. weavix® translates between all major language to create a collaborative workplace for every worker.

- + Custom Forms & Workflow Automations
- + Digital Identification & Registration
- + Text Messaging & Automatic Dictation

- + System Integrations
- + Unlimited 1:1 & Group Channels
- + Tap & Go Authentication

## EVERYTHING IN ONE DEVICE

# walt Smart Radio

Ensure weavix® can work in any environment with our rugged walt® Smart Radio. walt® makes industry's most advanced collaboration capabilities accessible for every worker. With its Class 1 Div. 2 safety rating and modular, rugged design, walt® outpaces legacy radios in durability, features and design. weavix® creates a collaborative ecosystem for your entire workforce, with walt® connecting the frontline and the office through the weavix™ mobile app and web console.

MOBILE APP & WEB CONSOLE

# Communicate Across the Platform

weavix® bridges the gap between the deskless and deskbound for collaboration that pushes your enterprise farther. Using the weavix® mobile app or web console, you can work alongside your frontline crews as you normally would, on the go or from any office.

MOBILE APP

## Take weavix On-the-Go

Available on Android and IOS, the weavix® mobile app lets you take the power of weavix® with you wherever you go. We've made it convenient to collaborate with your frontline from anywhere using any mobile device.

WEB CONSOLE

## Collaborate from your Office

weavix® bridges the gap between the deskless and deskbound workforces for collaboration that pushes your enterprise farther. Using the weavix web radio console or our integration with Microsoft Teams® you can work alongside your frontline employees as you normally would, just from the comfort of your office.

COLLABORATION LEADS THE WAY

# Smart Radios Enable Workforce Productivity

weavix® is your single source of truth to what's happening throughout your enterprise. Instead of asking who's on-site, where and why, weavix® answers with unmatched visibility and provides the data-driven insights to continuously optimize your workforce.

92%

THE FIELD AT YOUR FINGERTIPS

## Unrivald Worker Safety & Efficiency

When every worker has a device, you now have a bird's eye view of your workforce. Measure ongoing safety and productivity endeavors digitally. weavix® makes previously unattainable frontline data accessible for aggressive analysis. Dive into your data and visualize your ongoing efforts for both safety and efficiency with accurate reporting by weavix®.

- **Manage & validate worker time**
- **Monitor productivity by company, craft or individual**
- **Discover outliers for optimization**
- **Track total man hours over a date and time range**

# 60%

OR LESS OF EACH DAY  
IS USED PRODUCTIVELY

## Real-Time Transparency

See your facility in action with weavix®. With an accurate view of every worker in your facilities, weavix® allows you to understand what your workforce is doing right when it's happening. Access live worker activity and movement data, organize by craft, company and location, and effectively manage your frontline workforce.

- ✔ **Verify time, location and activities**
- ✔ **Provide real-time information**
- ✔ **Monitor on-site location and movement**

## Historic On-Site Analysis

Analyze and optimize how your enterprise works with weavix®. Historic data of your frontline workers allows you to recall individualized locations, actions, time usage and more for further analysis. Review these insights to empower and upskill your workforce and maximize operational efficiency enterprise-wide.

- ✔ **Measure productivity potential**
- ✔ **Perform accurate incident investigation**
- ✔ **Identify trends and predictive outcomes**

## WORKER SAFETY AT THE FOREFRONT

### MAN DOWN BUTTON

# Help is Just a Push Away

Workers are put in a variety of situations throughout their shift, but what happens when ordinary becomes life-threatening? Every walt\* has a dedicated man-down button that notifies the appropriate personnel, on and off site. Customizable to the enterprise, this button sends not only the alert, but an exact GPS location of the walt™ to enable expedited emergency response.

## Targeted & Mass Alerts

### REACH THE RIGHT PERSON, WITH THE RIGHT MESSAGE

Trust weavix® to deliver all your safety and business-critical messages instantly. Using our three-tiered approach, target and send general, non-emergency notifications, warnings or emergency danger alerts to your workers instantly across your facility or a specified area.

#### TIER 1

### Informational

Send general, non-emergency information to every worker all at once. Keep everyone on the same page of what's happening in your facility.

**E.g. Road Work, Building Closures**

#### TIER 2

### Warning

For impending dangers, target and notify the workers in the possible affected areas to be on alert and prepared to respond when needed.

**E.g. Severe Weather Warning, Cancellations**

#### TIER 3

### Danger

Alert workers of immediate dangers happening in the facility and provide the safety protocols for effective response and evacuation to muster.

**E.g. Fire, Security Threats, Lockdowns**

WI-FI IS 10 TIMES THE COST  
OF A PRIVATE CELLULAR NETWORK  
PER ACRE

## NETWORK FREEDOM

# Whatever the Network, weavix Works your Way

Whether it's on your current network or ours, weavix® is guaranteed to work for you. We provide complete network freedom so you can choose the network that works best for your corporation. If you're ready to upgrade your network, we can design and deploy a private cellular network specifically built to suit your facility.

## PRIVATE LTE

Using a weavix® deployed private cellular network, keep your workers connected 24/7 from anywhere in your facility and downtime to a minimum with multiple redundancies, all covered under an SLA. Private cellular provides benefits that no other network can such as:

- Higher Security
- Lower Costs
- Greater Capacity
- Wider Range

### WI-FI

Use your current wi-fi network to extend collaboration and productivity out to the field.

### PUBLIC LTE

Power your walk™ Smart Radios with the same reliability you get from a public carrier.

### ANALOG

Using Radio over IP (RoIP), weavix™ provides digital collaboration capabilities, even on a LMR system.

THIS IS THE INTERNET OF WORKERS™

# Digital Solutions Revolutionizing the Future of Work

weavix® is uniquely designed for the frontline workforce, offering a competitive advantage for those out in the field. Just like how IoT builds new technology to digitally transform machines, weavix® does the same but at the benefit of the human worker.

Rather than an "automation first" concentration, weavix® enables the workforce with an entire ecosystem of digital connectivity. Enhanced communication, productivity and safety within the workplace is made possible only with the weavix® IoT platform.
