

Our Copilot for Microsoft 365 Readiness Workshop helps customers assess their organization's needs and define an actionable roadmap for Microsoft 365 Copilot adoption.

Copilot for Microsoft 365 Readiness Workshop

What will we deliver.

We will deliver this workshop in a “three-phase” delivery format, with multiple modules within each phase.

- **Phase One: Assess.**
- **Phase Two: Art of the Possible.**
- **Phase Three: Build the Plan.**

Today's fast-paced business landscape, organizations are constantly seeking ways to enhance productivity and stay ahead of the competition. Without Artificial Intelligence, organizations are burdened with the manual processing of vast amounts of data. To address these challenges, Microsoft 365 Copilot offers features that streamline tasks, automate workflows, and enhance collaboration. As your trusted IT advisor, **Gryphon Consulting** can help your organization to prepare to leverage Artificial Intelligence powered insights with our “**Copilot for Microsoft 365 Readiness Workshop**” offering.

The Copilot for Microsoft 365 Workshop is a three-phase engagement that helps you assess your needs, explore the possibilities, and build a plan to implement Copilot for Microsoft 365 scenarios in your organization. The workshop is delivered by certified Microsoft partners who have the technical and business expertise to guide you through the Copilot for Microsoft 365 journey.
