This is crucial for maintaining the trust of clients and ensuring smooth operations. With this service, clients can rest assured that their issues will be addressed promptly and effectively, minimizing the impact on their business operations.

- A. Remote Support During Business Hours
- B. 24/7/365 Emergency Support
- C. Routine Health and Performance Monitoring
- D. Capacity Planning and Cost Optimization
- E. Cloud Change Management
- F. Break-fix Support
- G. Monthly Health Reporting

Define SLAs for Response & Resolution times. + Billing Optimization Services

As part of your Azure Managed Services offering, defining Service Level Agreements (SLAs) for response & resolution times is crucial. These SLAs ensure that your clients receive timely and efficient support...

Severity	Level	Response time
Critical	P1	1 Hr
High	P2	2 Hrs
Medium	P3	4 Hrs
Low	P4	8 Hrs
Change Request	CR	16 to 24 Hrs

Billing Optimization Services

- Standard
- Premium
- Enterprise

Handle incidents promptly & communicate effectively with clients

Handling incidents promptly and effectively communicating with clients is crucial for maintaining trust and ensuring smooth operations. Here are the key activities for incident management.

1. Incident Triage
2. Effective Communication
3. Root Cause Analysis
4. Workarounds and Mitigation
5. Resolution and Follow-Up
6. Client Satisfaction and Feedback

Severity	Impact
Critical	If the actual cost exceeds the forecasted cost by more than 10%, or if an anomaly is detected
High	If the actual cost has increased by more than 5 to 10% compared to the forecasted cost, or if an anomaly is detected
Medium	If the actual cost has increased by less than 5% compared to the forecasted cost
Low	If fluctuations in costs are observed
Change Request	If new services are introduced that might necessitate a redesign of the architecture from a cost perspective
