There is no single platform exclusively supporting English literacy for the diverse population of English learners.

More than just words.

The Text Hub is the digital reading and literacy platform for students learning the English language.

**Our vision is to be the most used
English literacy platform in the
world.**

High Level Highlights

Adaptive Platform

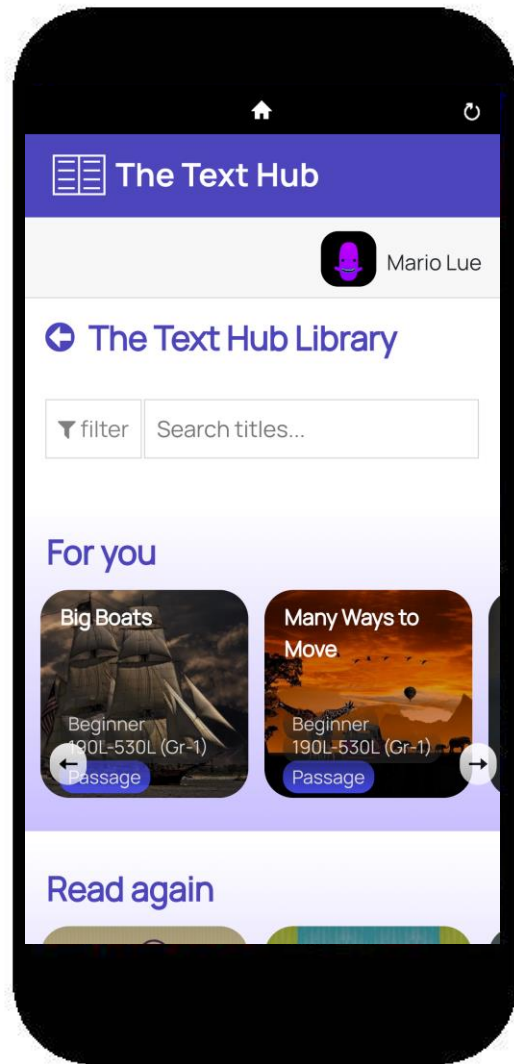

Our platform is designed to be adaptive based on the student's **proficiency, age, culture and first language.**

Specialized Tools

The platform features specialized tools to help students whose first language isn't English, like the **picture dictionary, text translation, and phonetic assistance.** Instant feedback to **comprehension, pronunciation and writing assessments.**

Accessible Everywhere

Browser and mobile-based app **works on any device.**

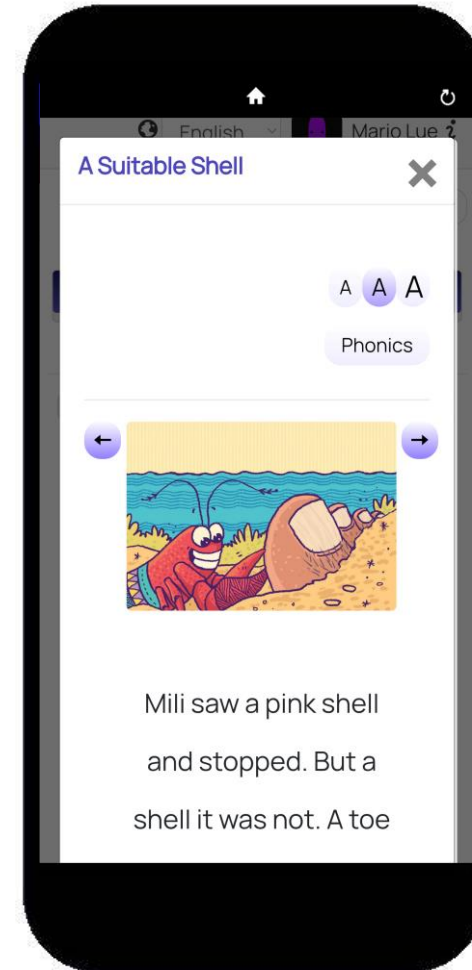

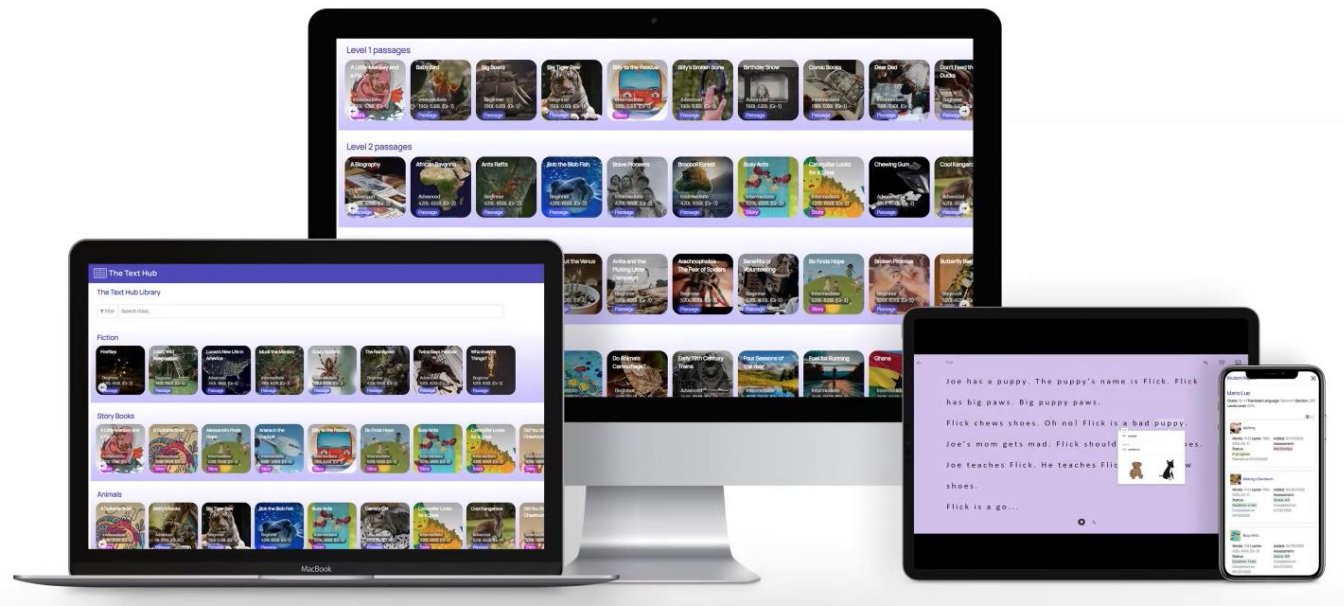

Digital Library

340+ free voluntary reading books/passages covering many genres and reading levels

Immersive Reader

Includes read-aloud, 60+ translation languages, picture dictionary, and grammar elements focus

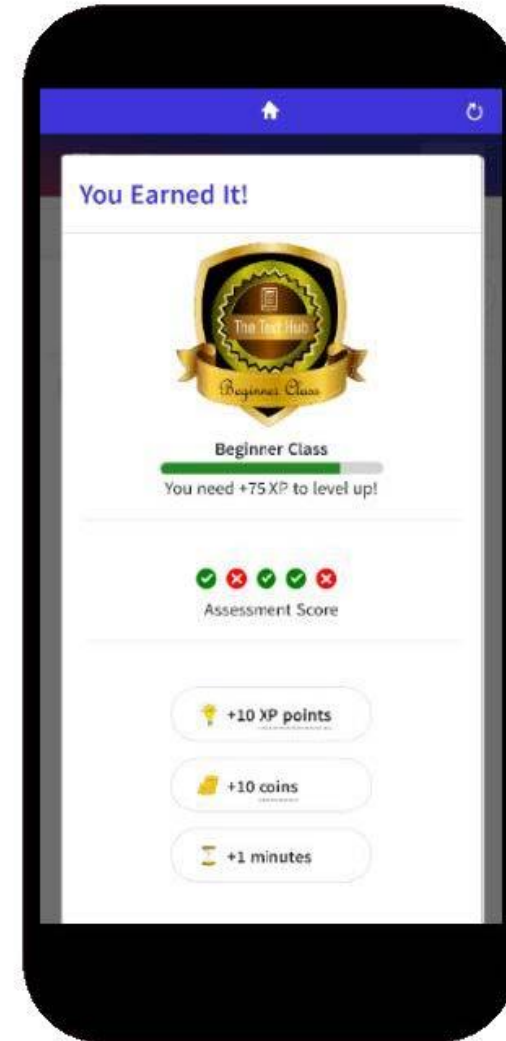

Accessible Anywhere on Any Device

Mobile and browser-based apps
work on any device

Instant Assessments

After The Text Hub

Before The Text Hub

*MAP Growth uses the **RIT**(Rasch Unit) scale to help you measure and compare academic growth. Specifically, the scale measures levels in academic difficulty. The RIT scale extends equally across all grades, making it possible to compare a student's score at various points throughout his or her education.

Success Story

With continued use of The Text Hub, Sarena's ELA Reading Score projects to continue to out-perform the grade level mean.
