- App deployment using Winget or custom manifests
- Role-based access control (RBAC) for customers and admins
- Multi-tenant support with customizable configurations

Gold tenant(s) do not count in the allocation
Actual amount may vary based on exchange rates

The screenshot shows the Intune Manager dashboard. On the left is a sidebar with navigation links: Home, Backup, Restore, Deploy Apps, Deploy Template, Tenant Migration, MANAGE (View Logs, Manage Backups, Check Drift, Daily Checks, Security Checks, Tenant Report), ACCOUNT (Profile, Manage Tenants, Gold Tenant, Logout, Admin). The main area has a 'Home' header with a user dropdown and 'Switch Customer' button. Below is 'Your Tenant Status' with a table:

Tenant	Last Backup	Status	Drift	Drift	Backup	Restore
[Redacted]	[Redacted]	ok	Drift	Drift	Backup	Restore
[Redacted]	[Redacted]	ok	Drift	Drift	Backup	Restore

Below that is 'Your Golden Tenant Status' with a table:

Last Backup	Status	Backup	Restore
[Redacted]	ok	Backup	Restore
