

**Engaging with
your stakeholders
will never be the
same again.**

Does this checklist sound familiar?

- ✓ Organize training workshops for staff
- ✓ Set up an archiving and retrieving system for reports, research and data
- ✓ Ensure ongoing training & assessment for staff
- ✓ Arrange for Monday morning team meetings
- ✓ Plan pan-India sales conference

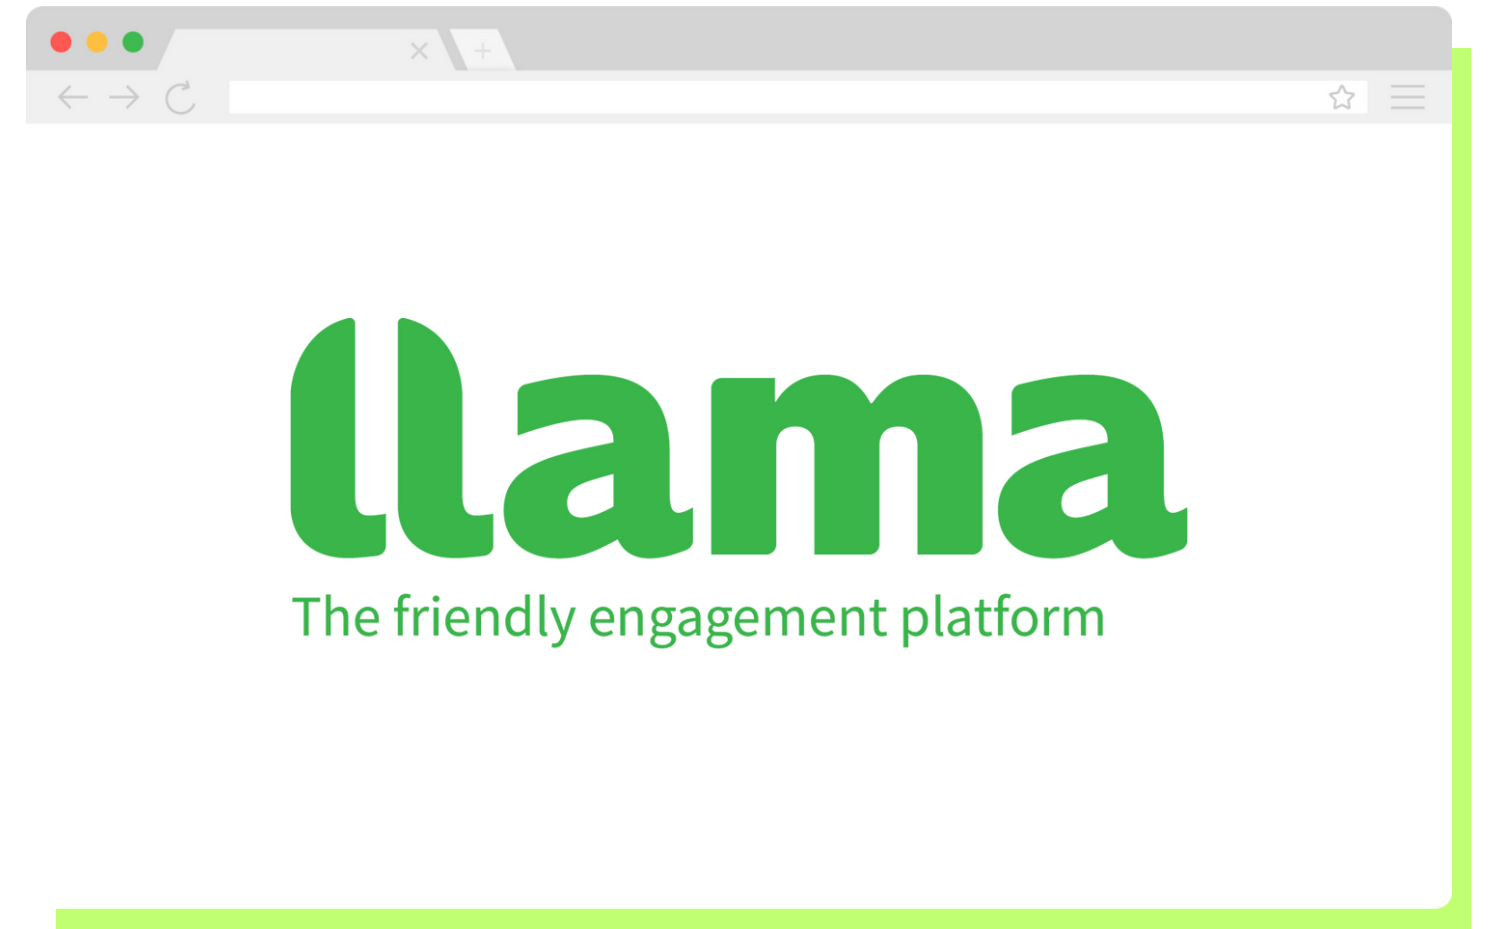

Get yourself a

llama

The friendly engagement platform

What is Llama?

Llama is a one-stop engagement platform for all your learning, outreach and communication needs.

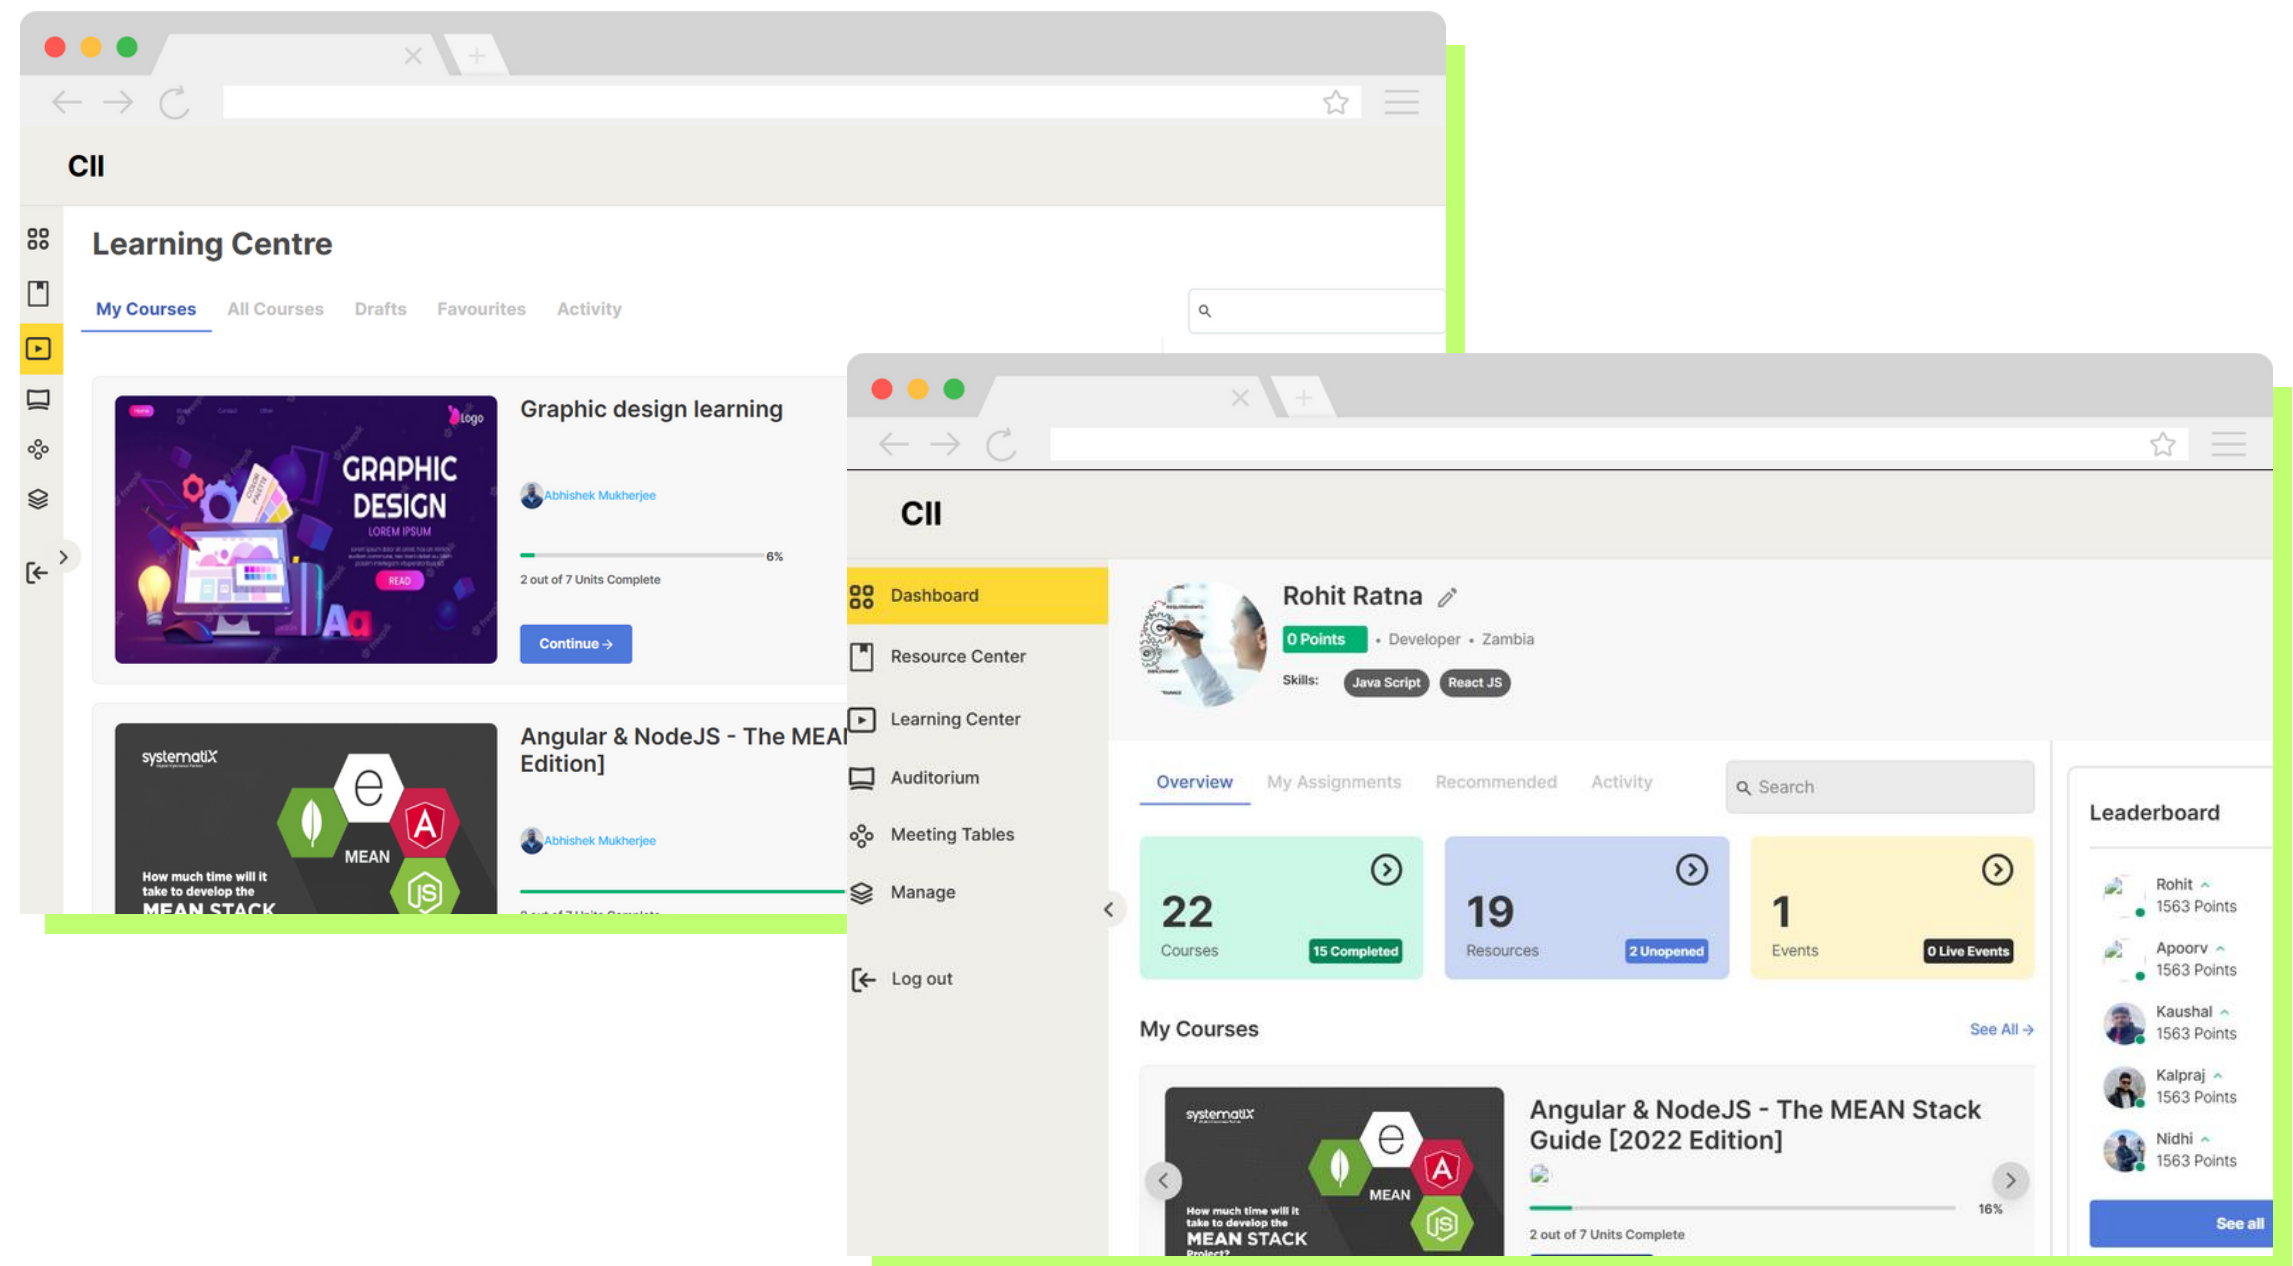

What can you use it for?

- Learning Management
- Resource Management
- Closed group interactions
- Interactive auditorium
- Mobile App for ongoing engagement

How is it different?

- Versatile
- Customizable
- Modular
- Can be white labelled

Uses

Need to hold an interactive pan-India conference?

Make it virtual with Llama.

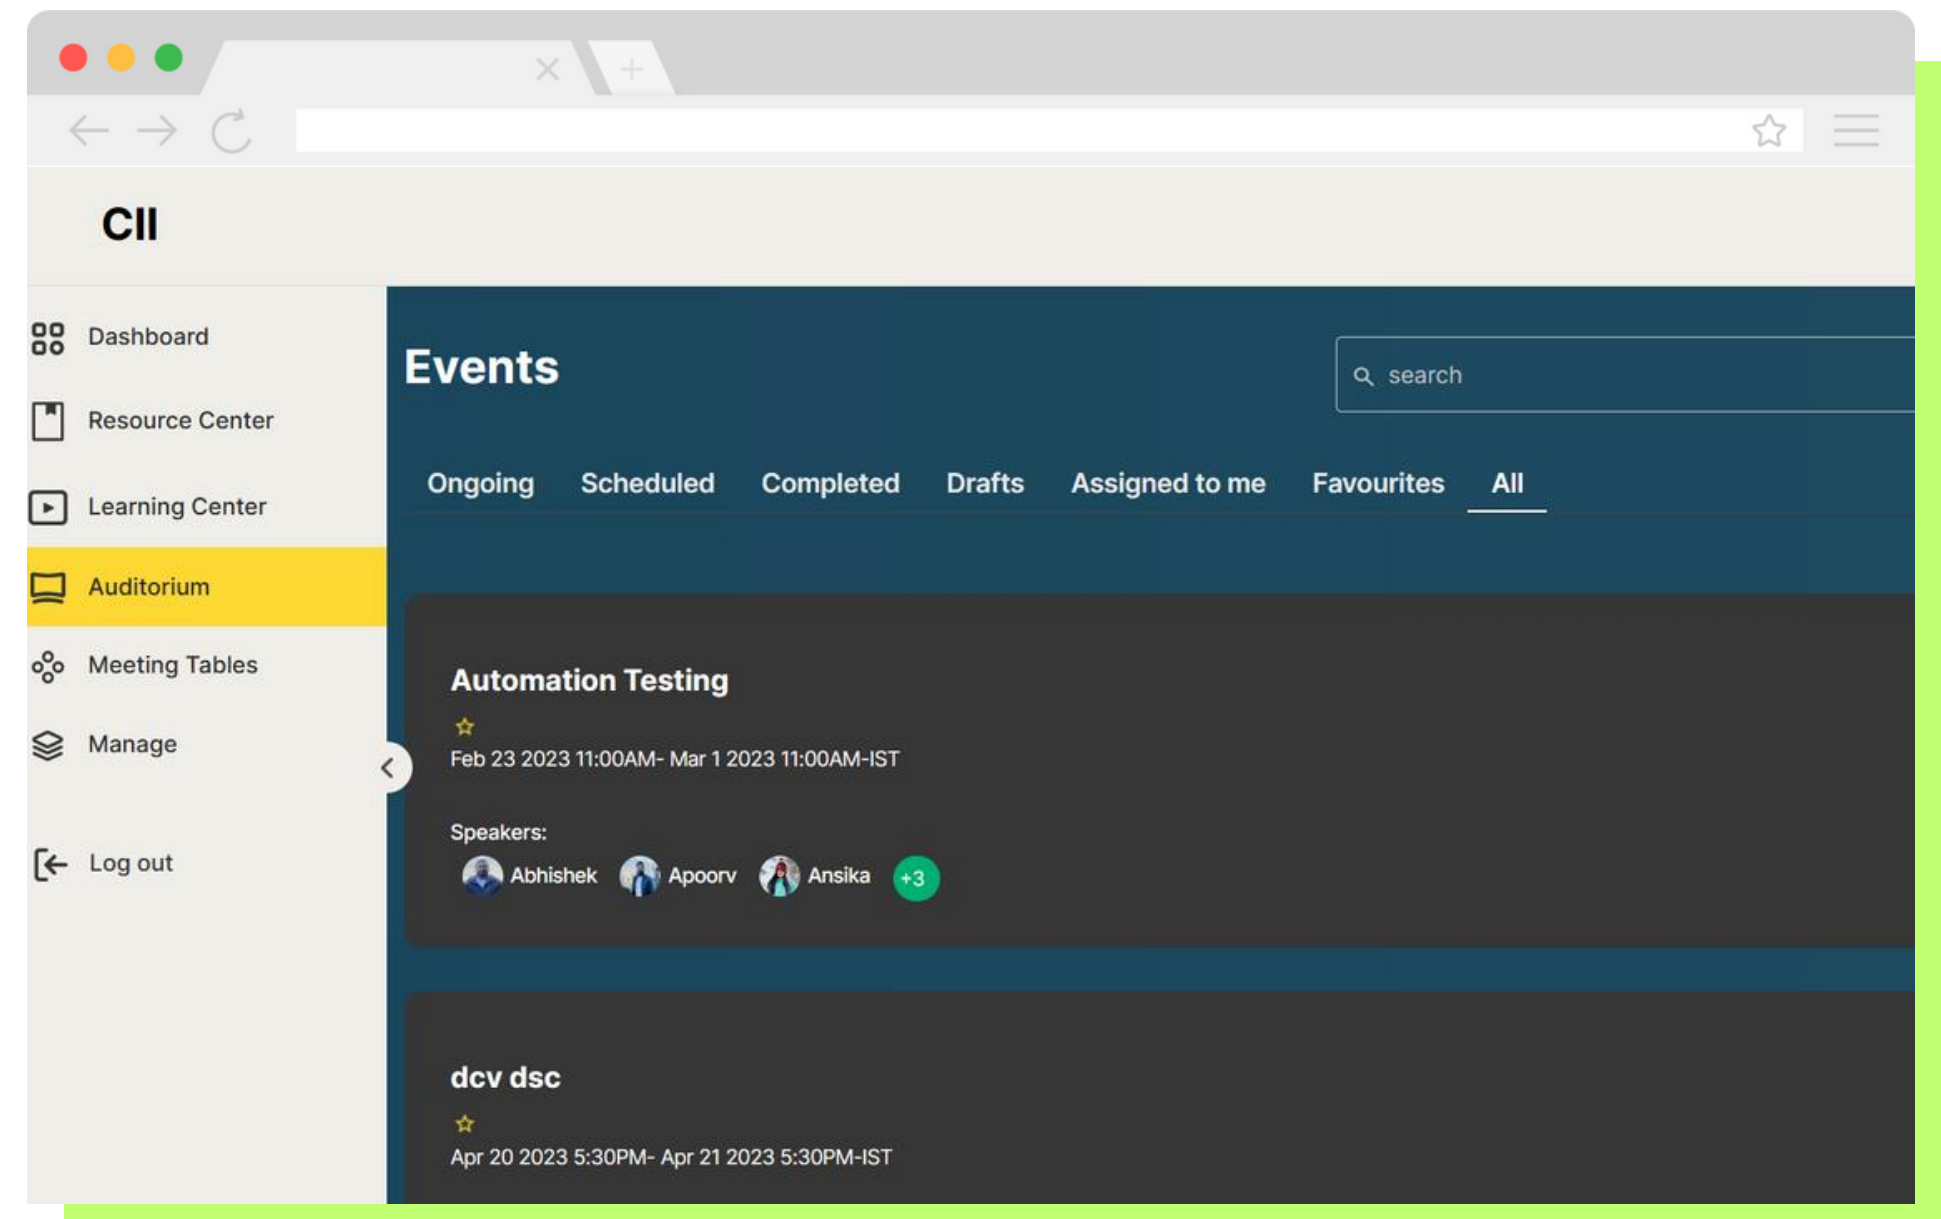

Llama's virtual conference facility can be customised to recreate a real life experience. Right from white labelling to customised interface, you can simulate your physical identity for a real life experience.

Advantage

Llama Virtual Conference facility

- Invite stakeholders to virtual conferences
- No limit on number of participants
- Interactive
- Upload recording for later viewing

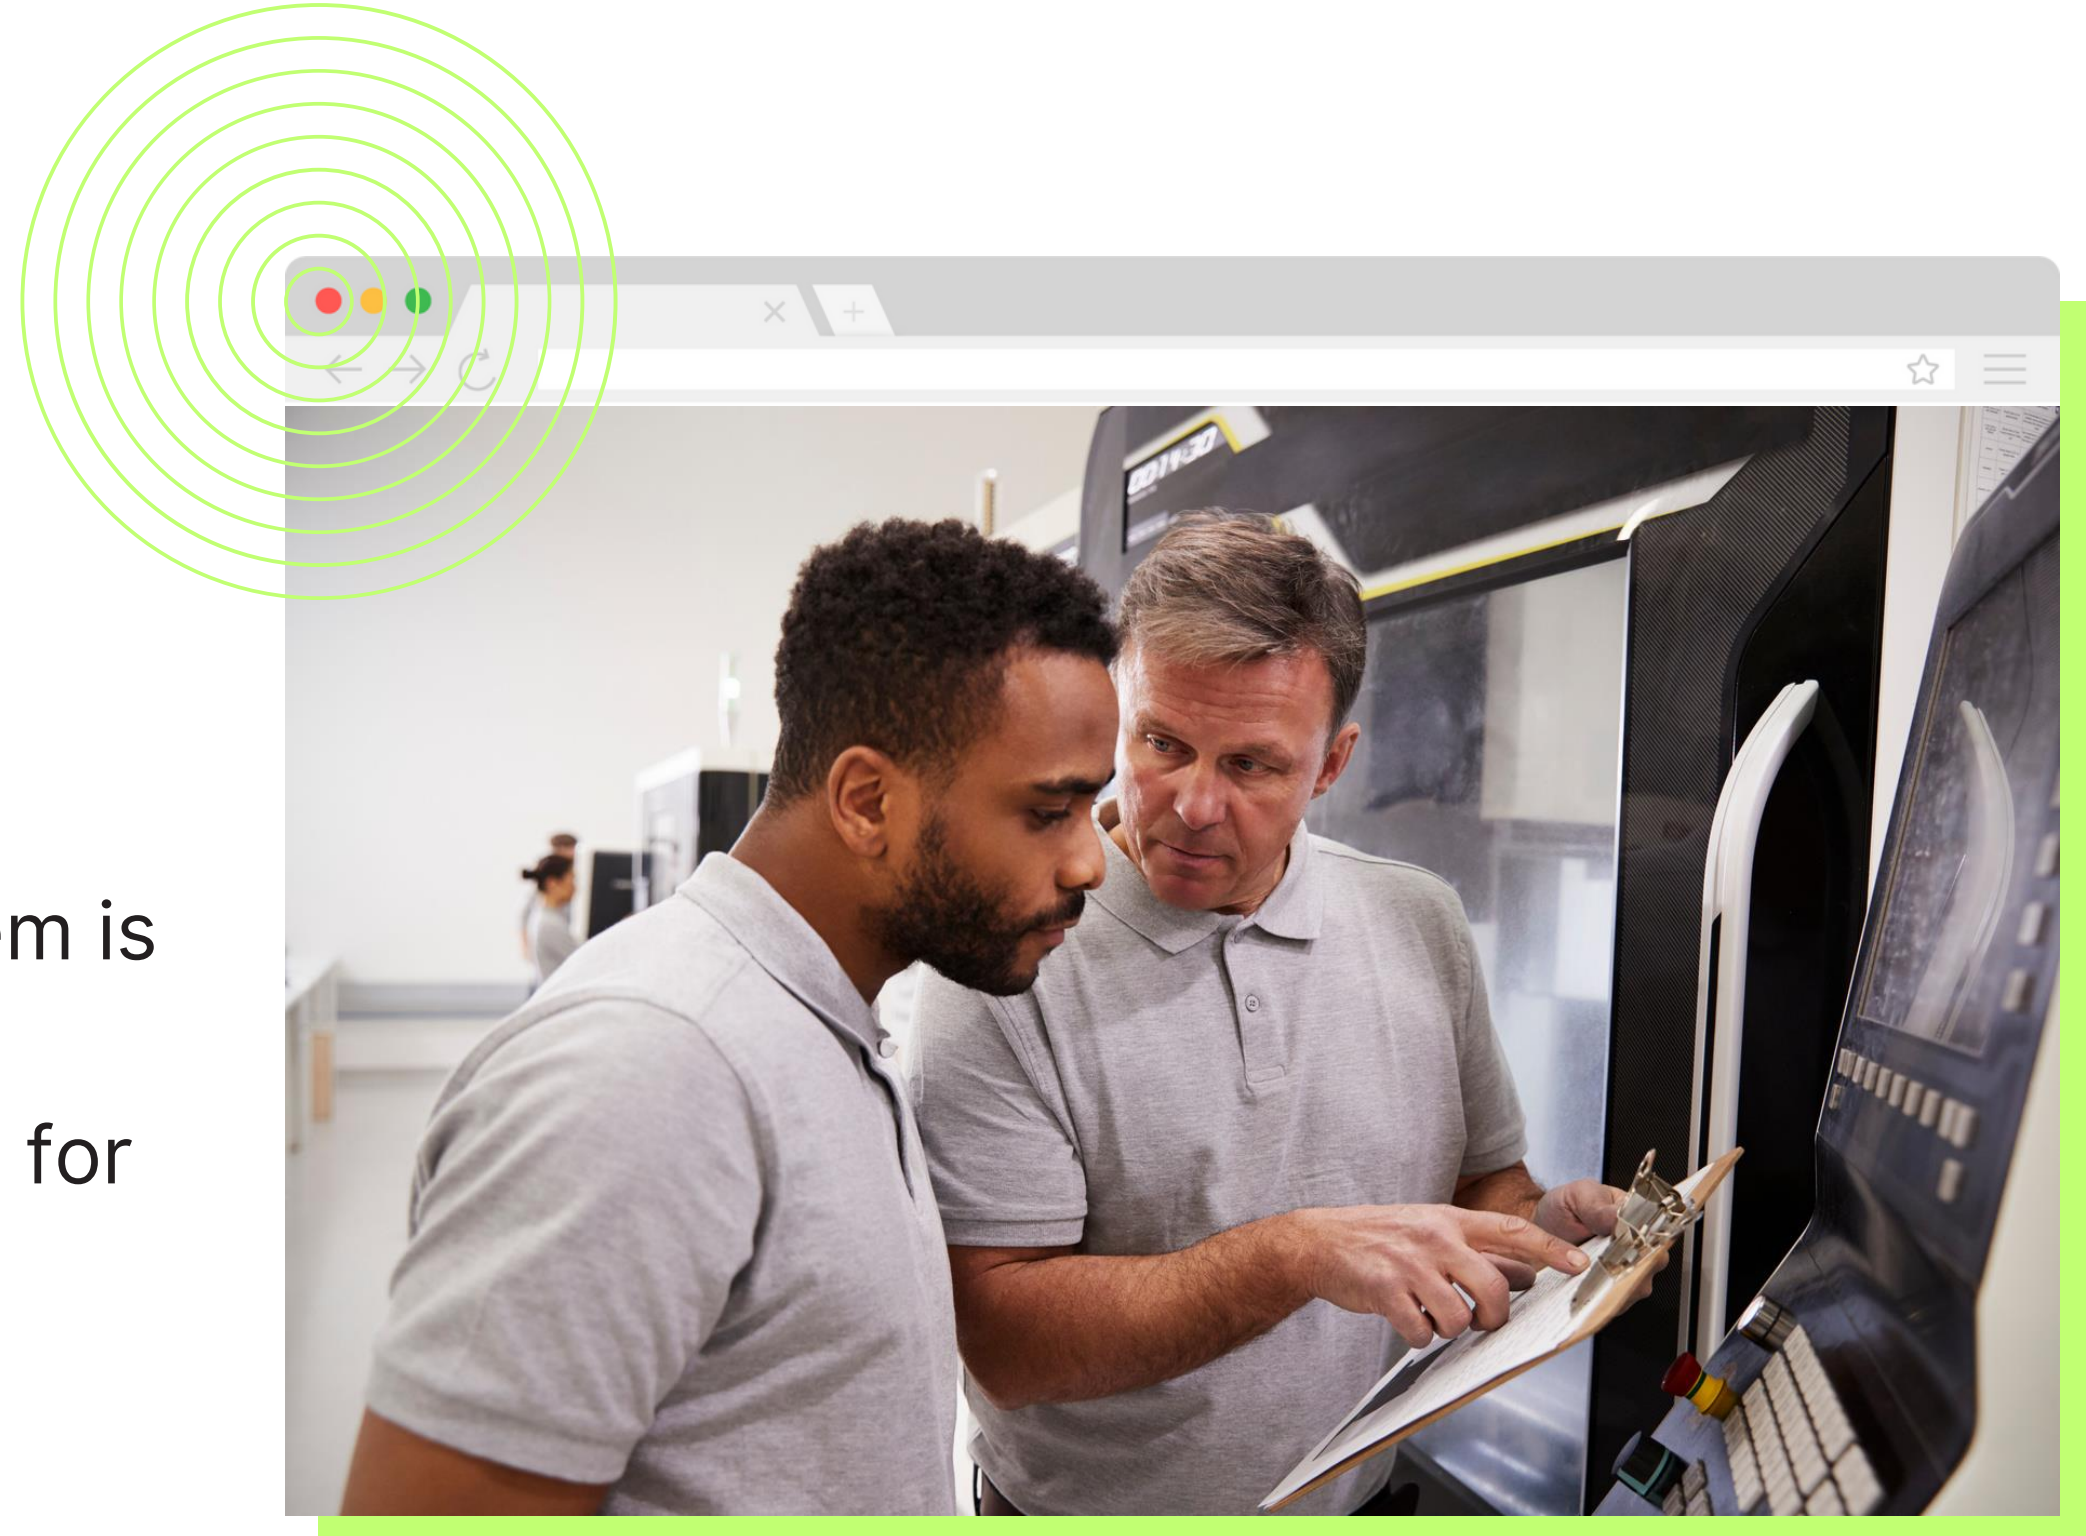

Uses

Need to train a large workforce frequently?

Migrate them to Llama Learning Management System.

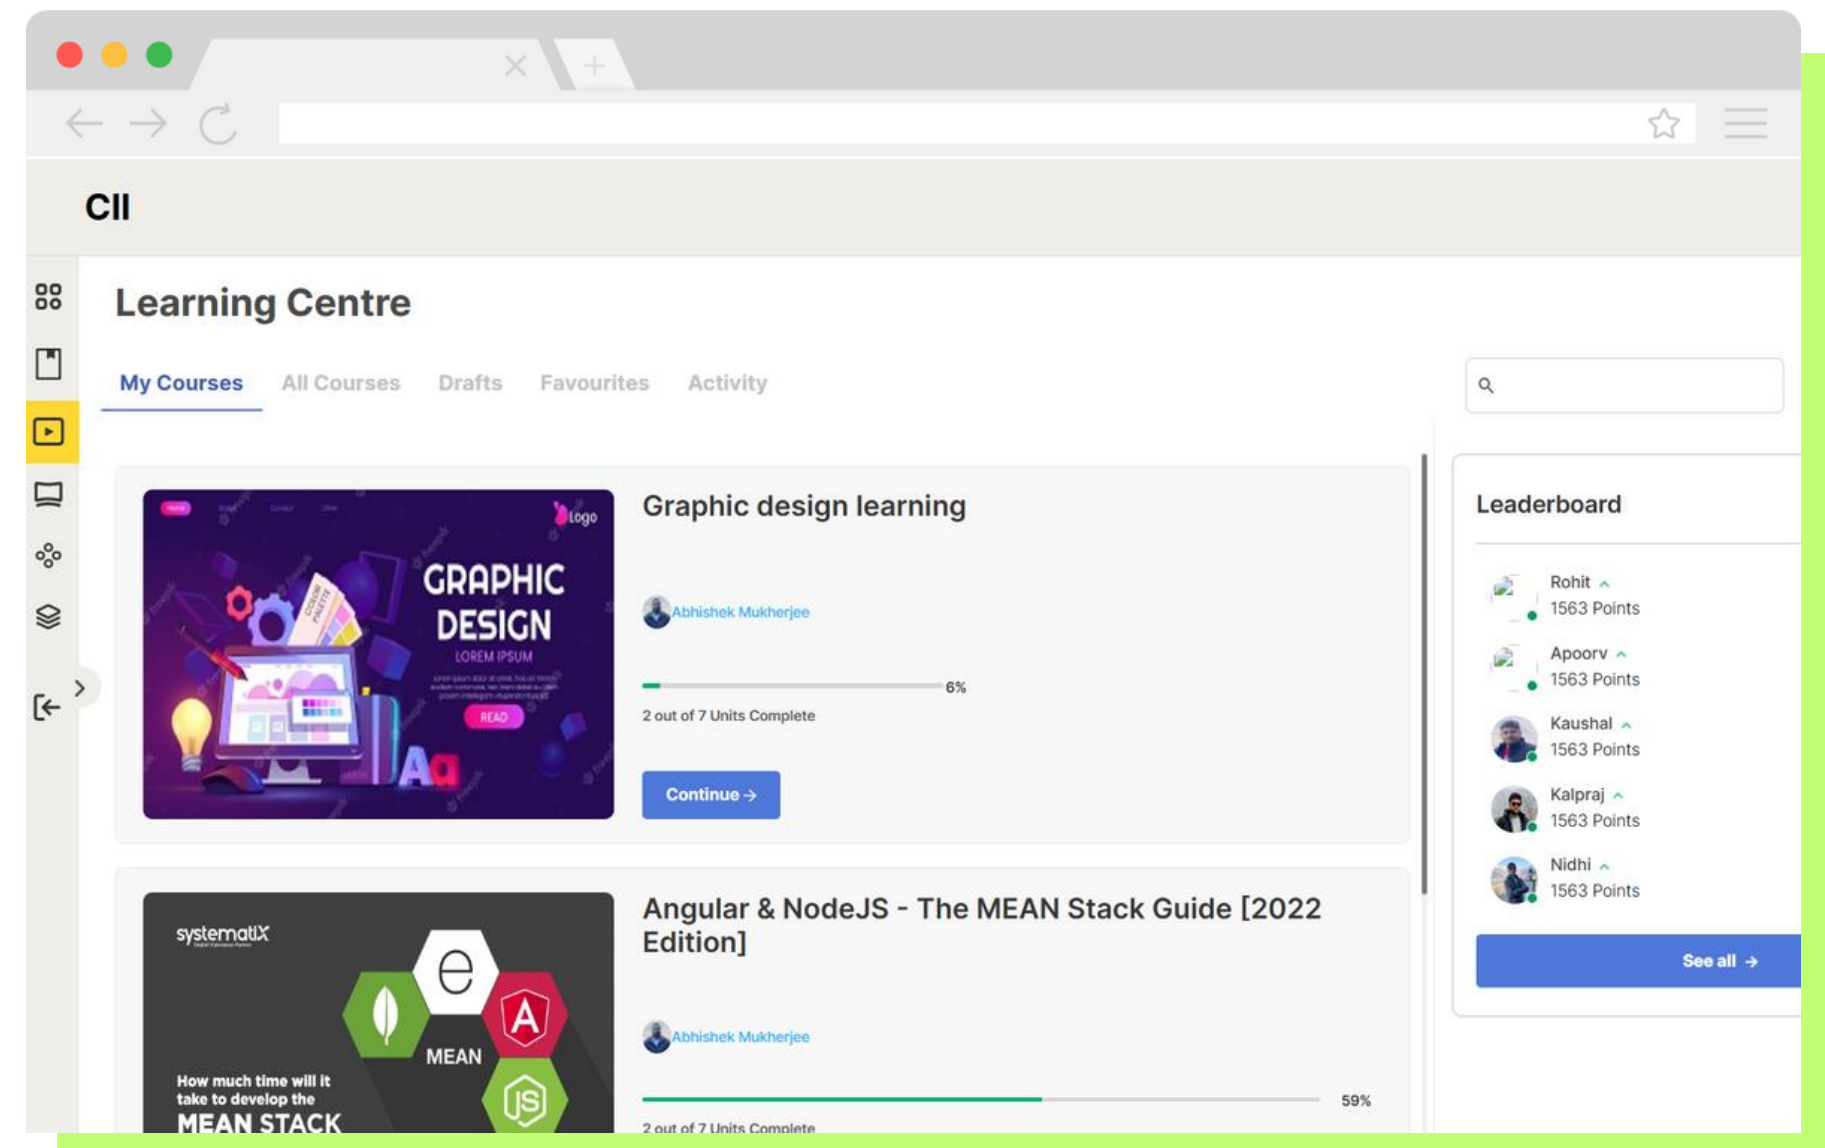

Llama's learning management system is both creator and learner friendly. It makes continuous capacity building for large workforces a cakewalk.

Advantage

Llama Learning Management Module

- Self-paced learning
- Leaderboard
- Monitoring
- Simulations
- Quizzes
- Certification

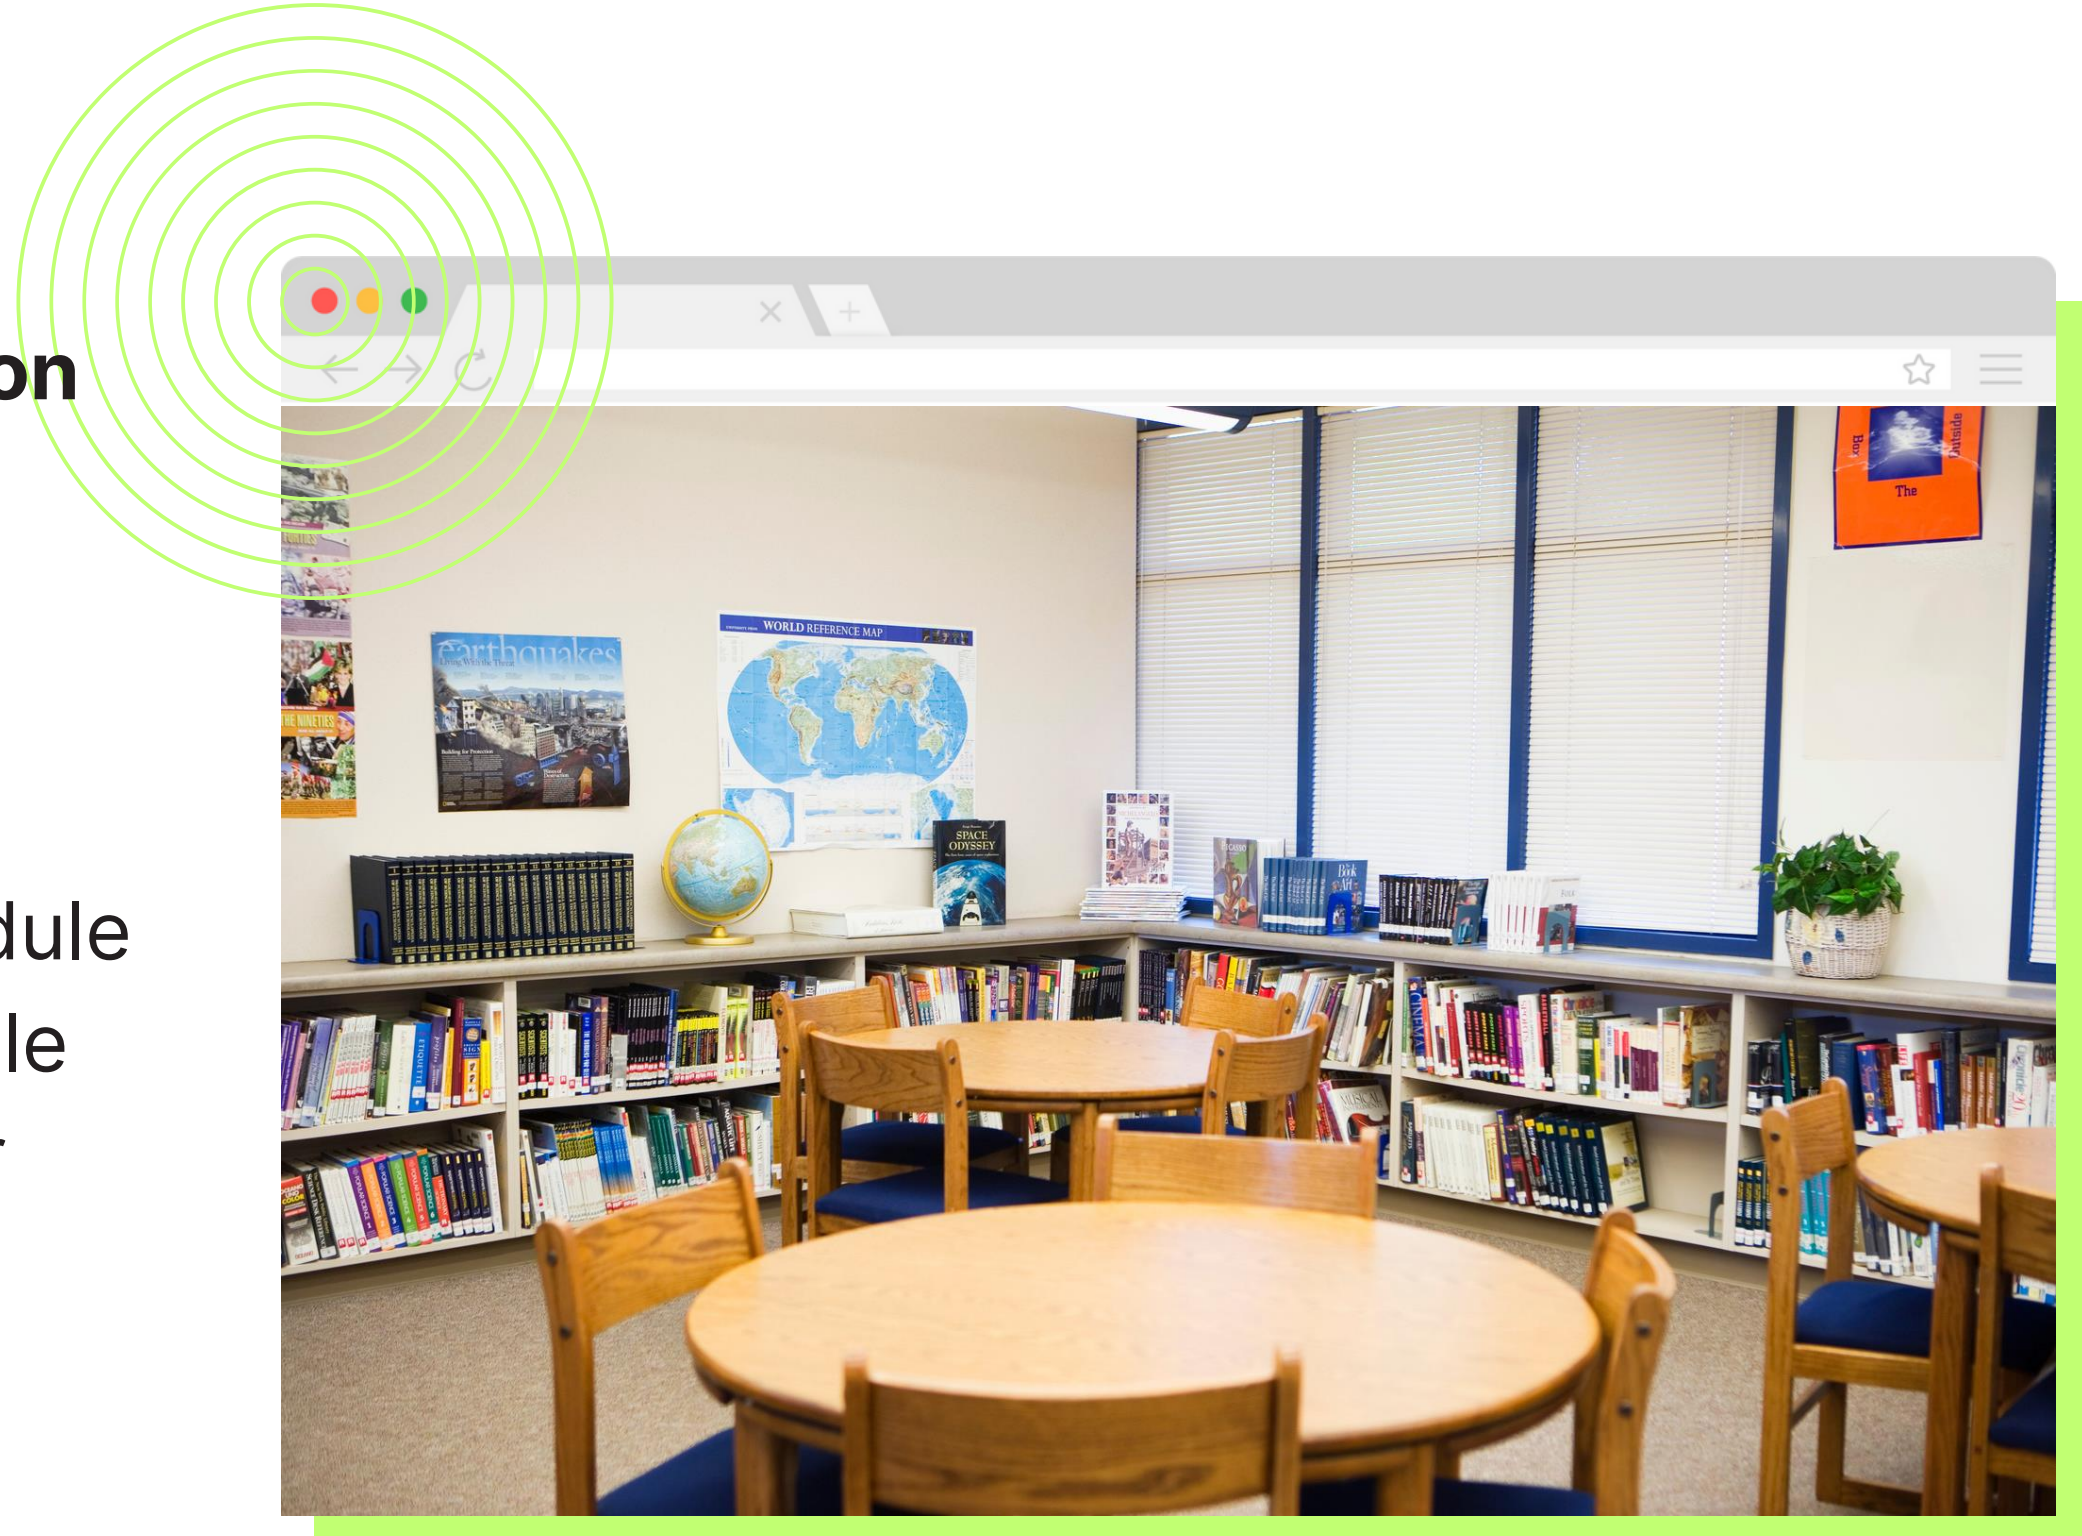

Uses

Want to create an intra-organisation knowledge sharing system?

Opt for the Llama Resource Management Module.

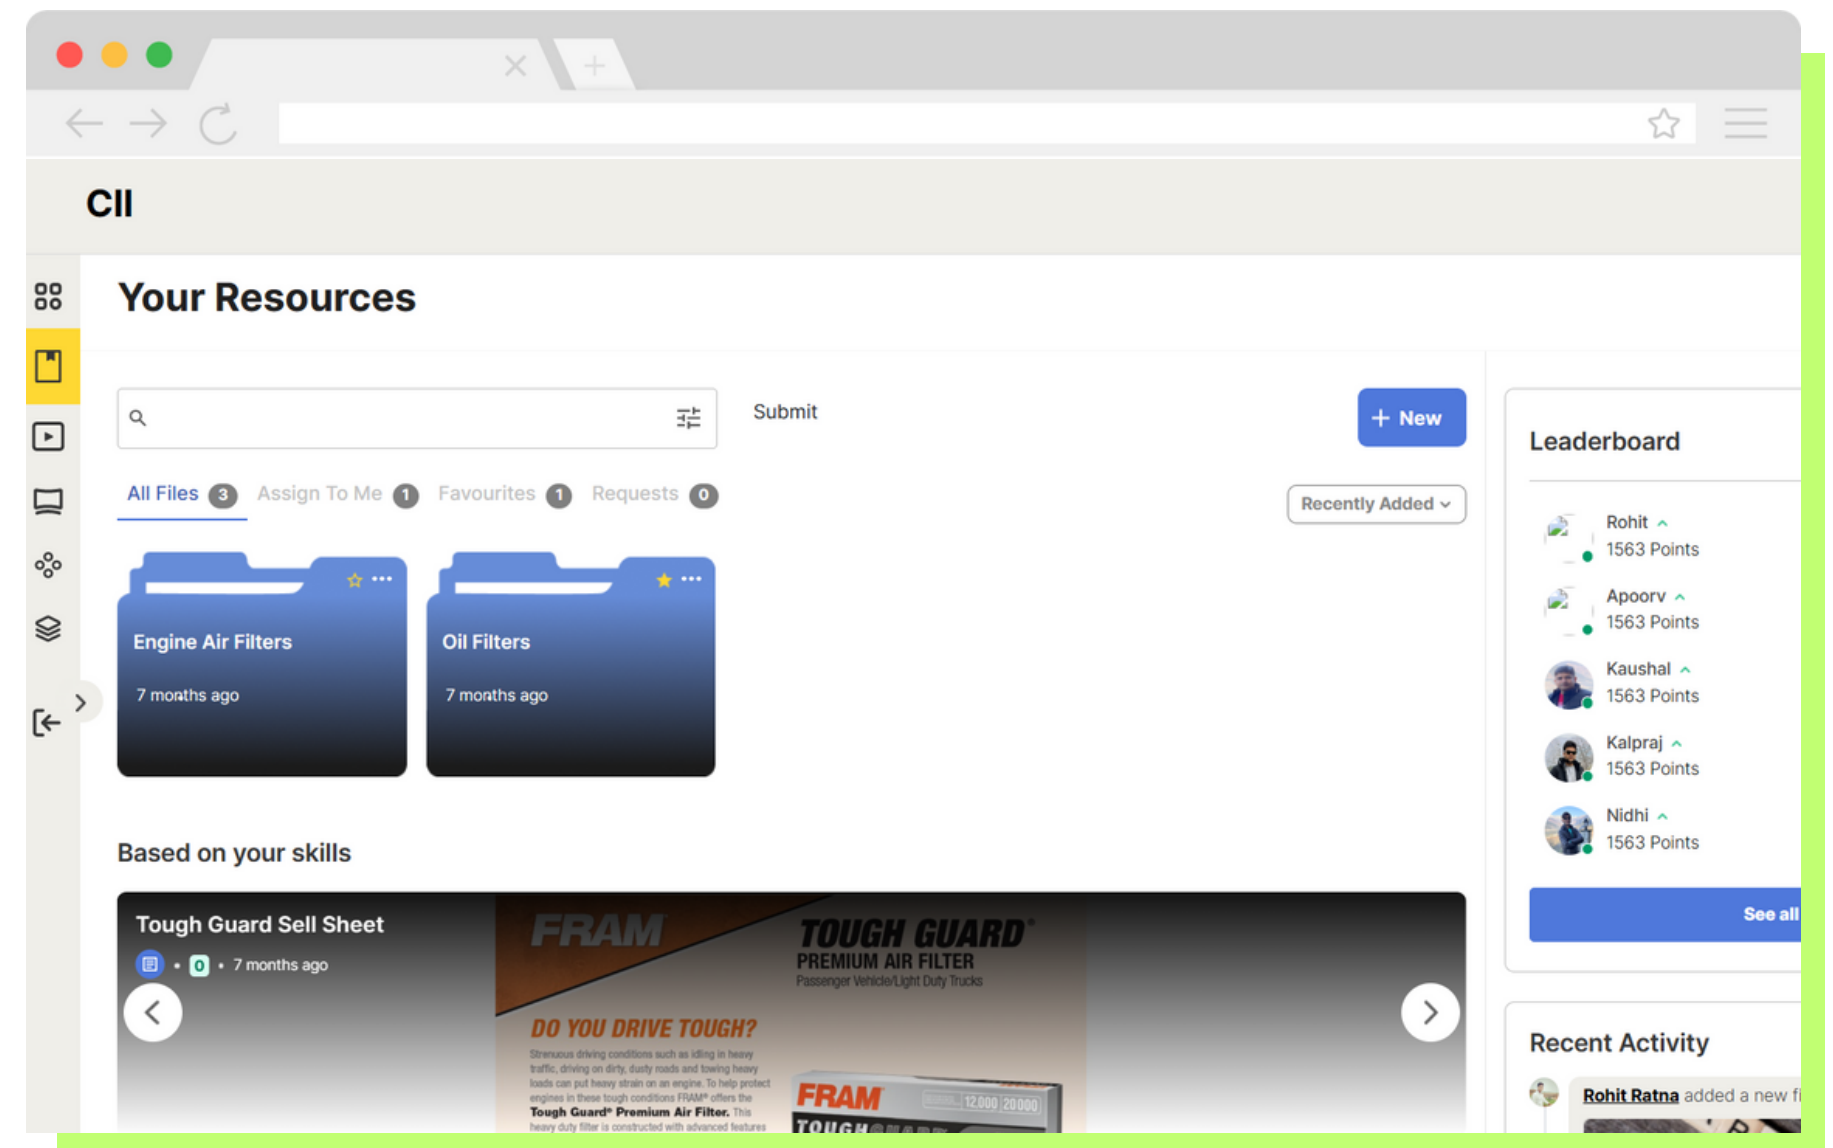

Llama's Resource Management module makes it easy to create an accessible library of resources. This is ideal for organisations that generate a large number of reports, documents and videos.

Advantage

Llama Resource Management Module

- Learn as you go
- Managers can assign resources to team
- Peer learning
- Recommendations by Llama

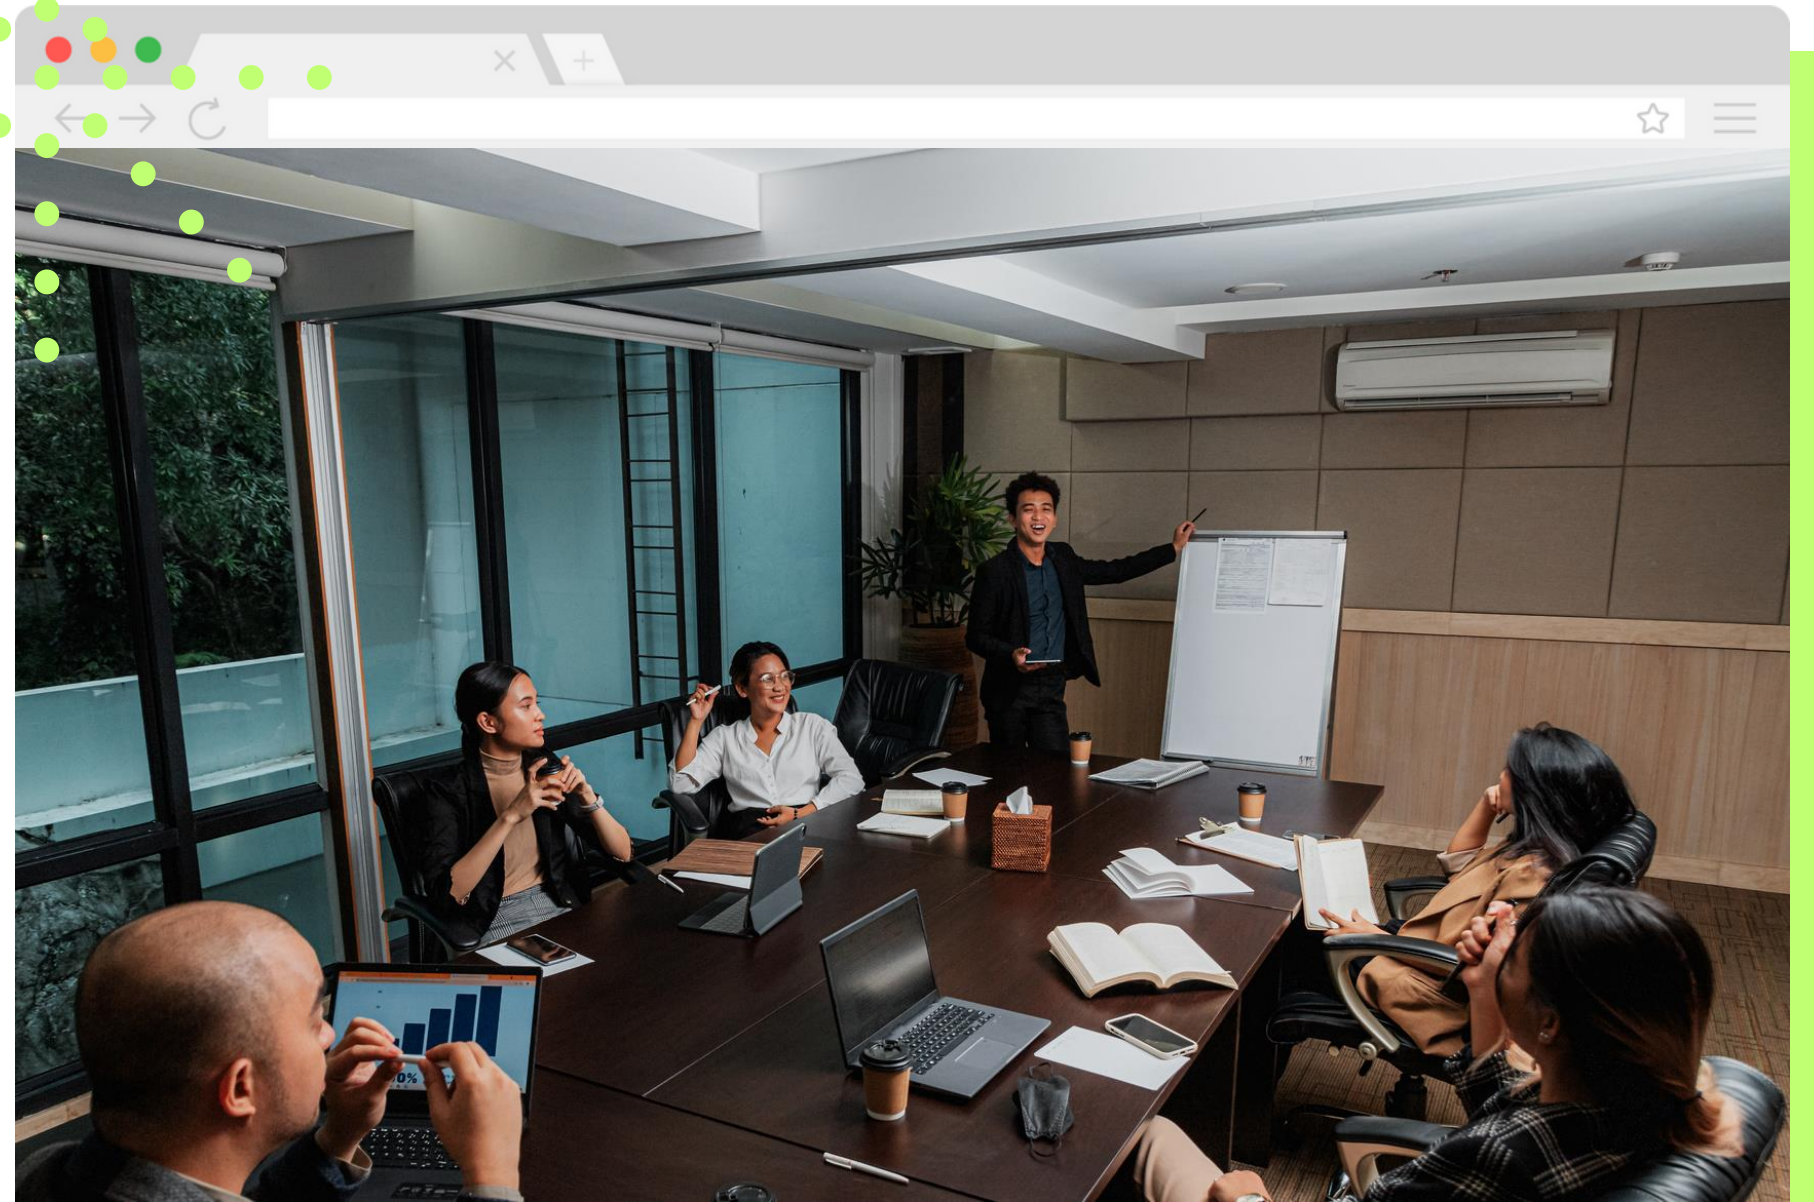

Uses

Want to have a discussion with a small group?

Llama's Meeting tables is just the place

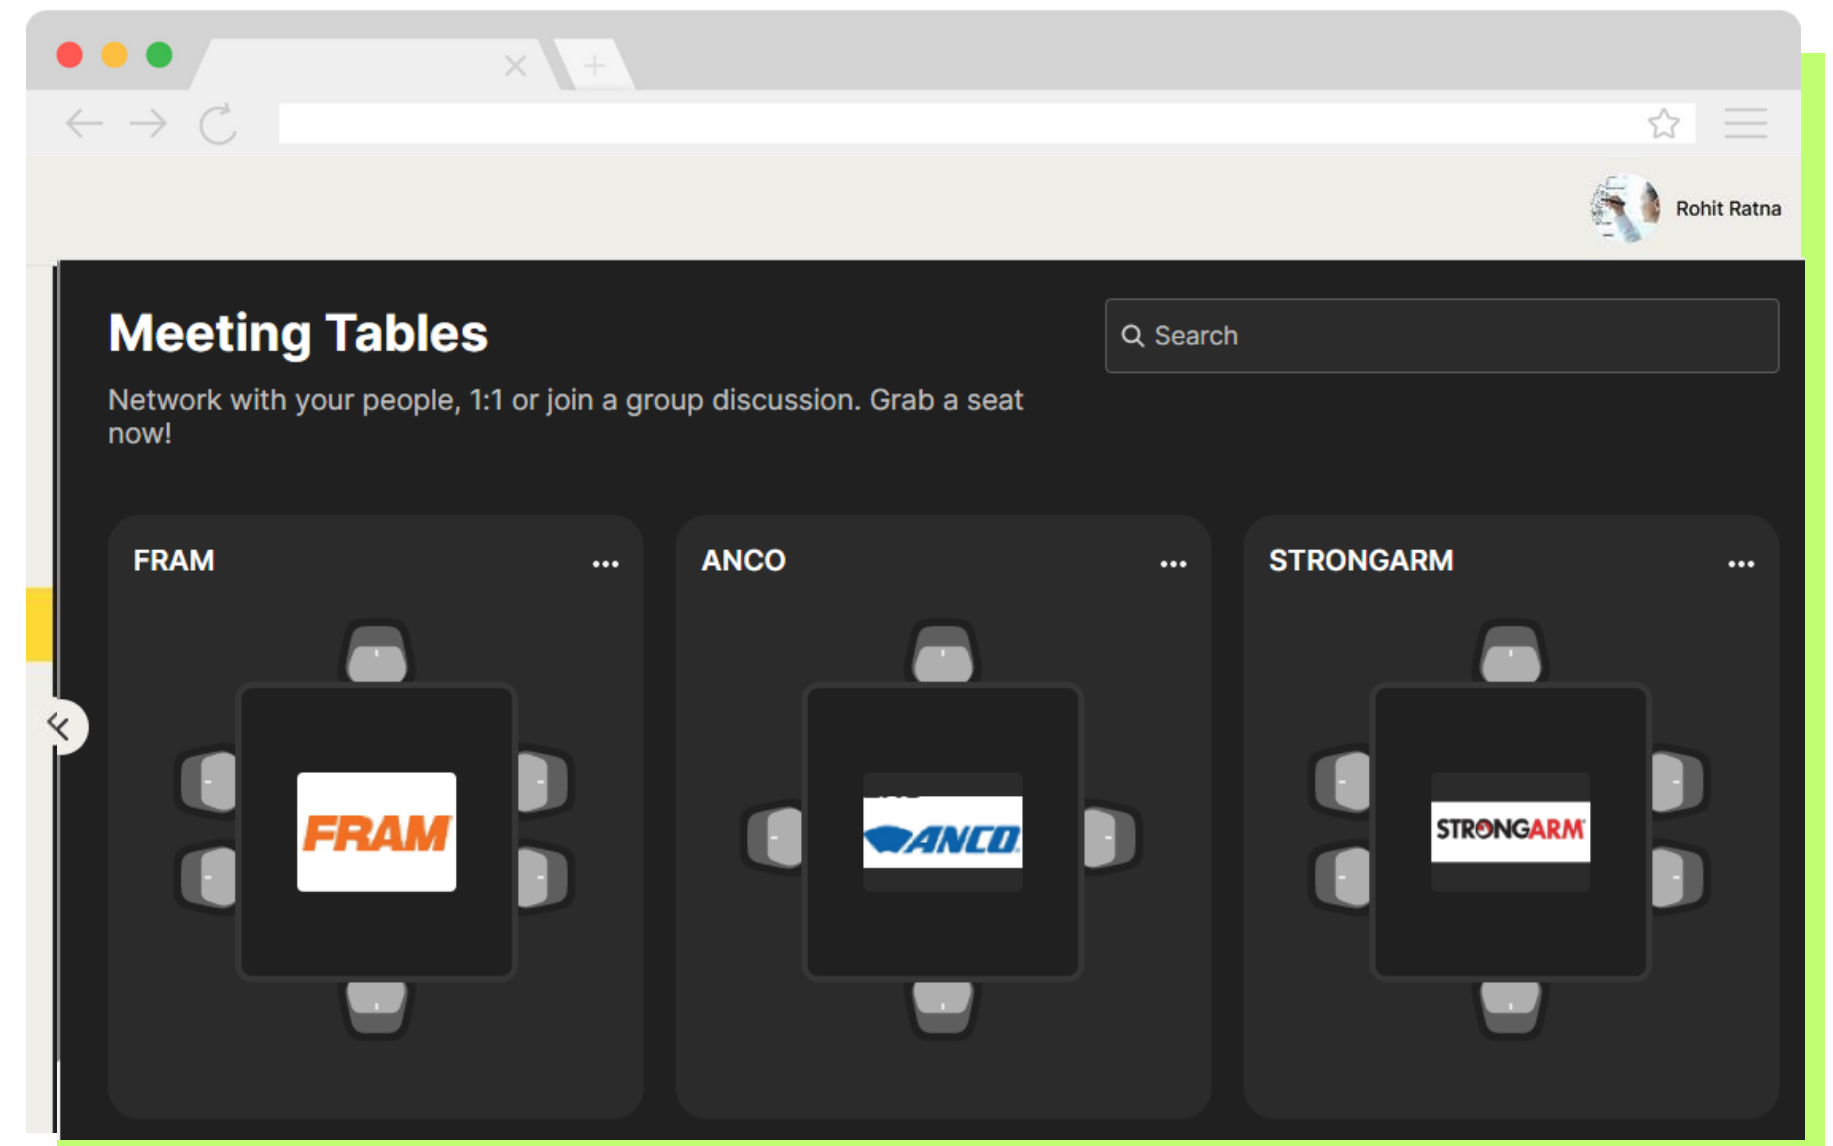

Llama's meeting tables is ideal for informal sessions with internal or external clients.

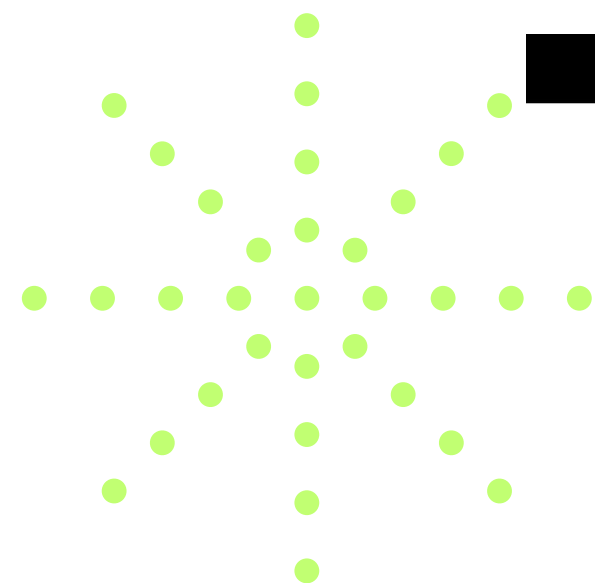

Advantage

Llama Meeting Room

- Meet people in smaller intimate groups
- Tables by topic
- View who is sitting where and join the group you want

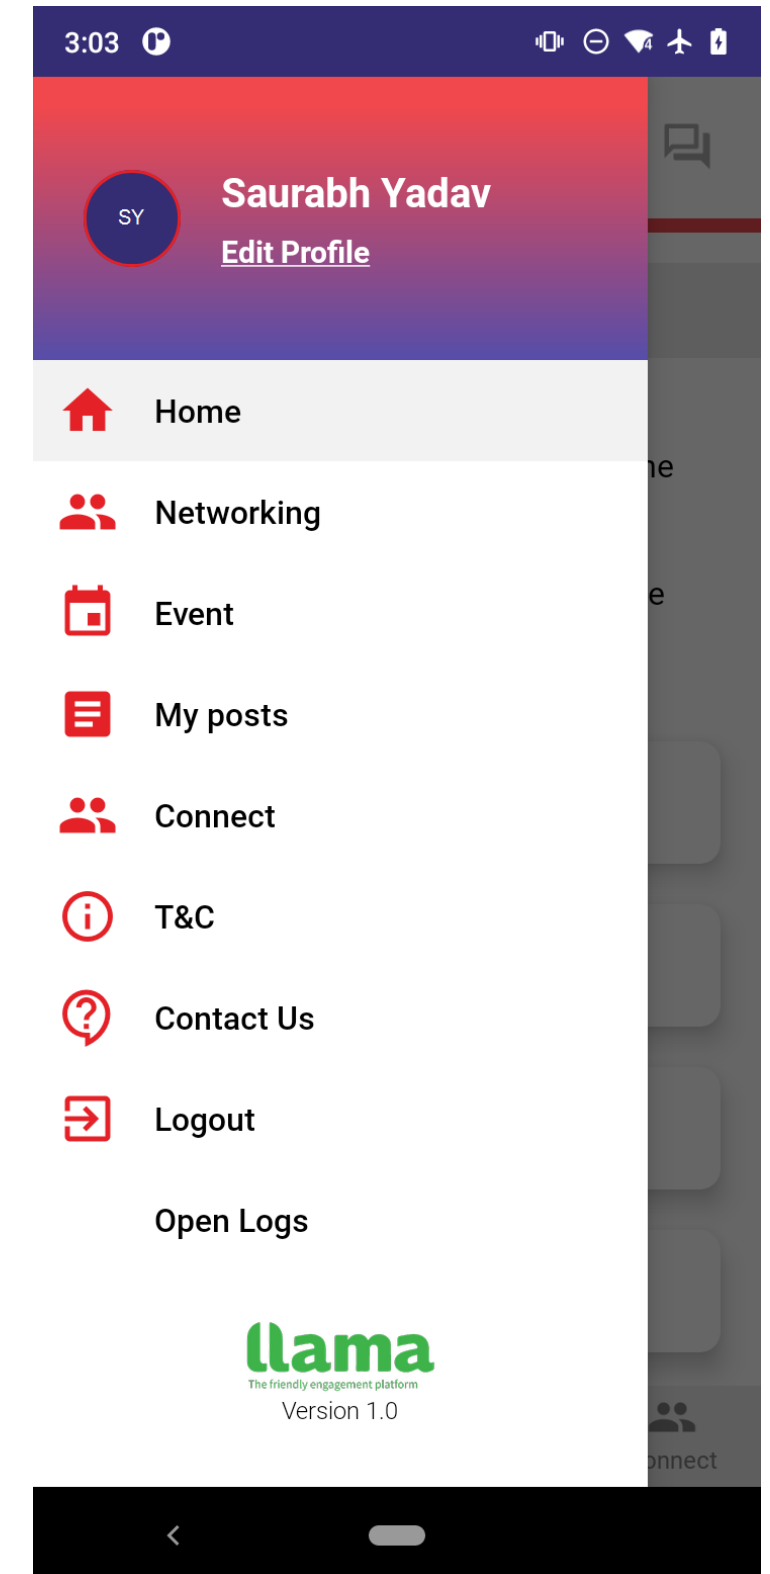

Uses

Want to keep your community engaged?

Llama Engagement App hits the spot

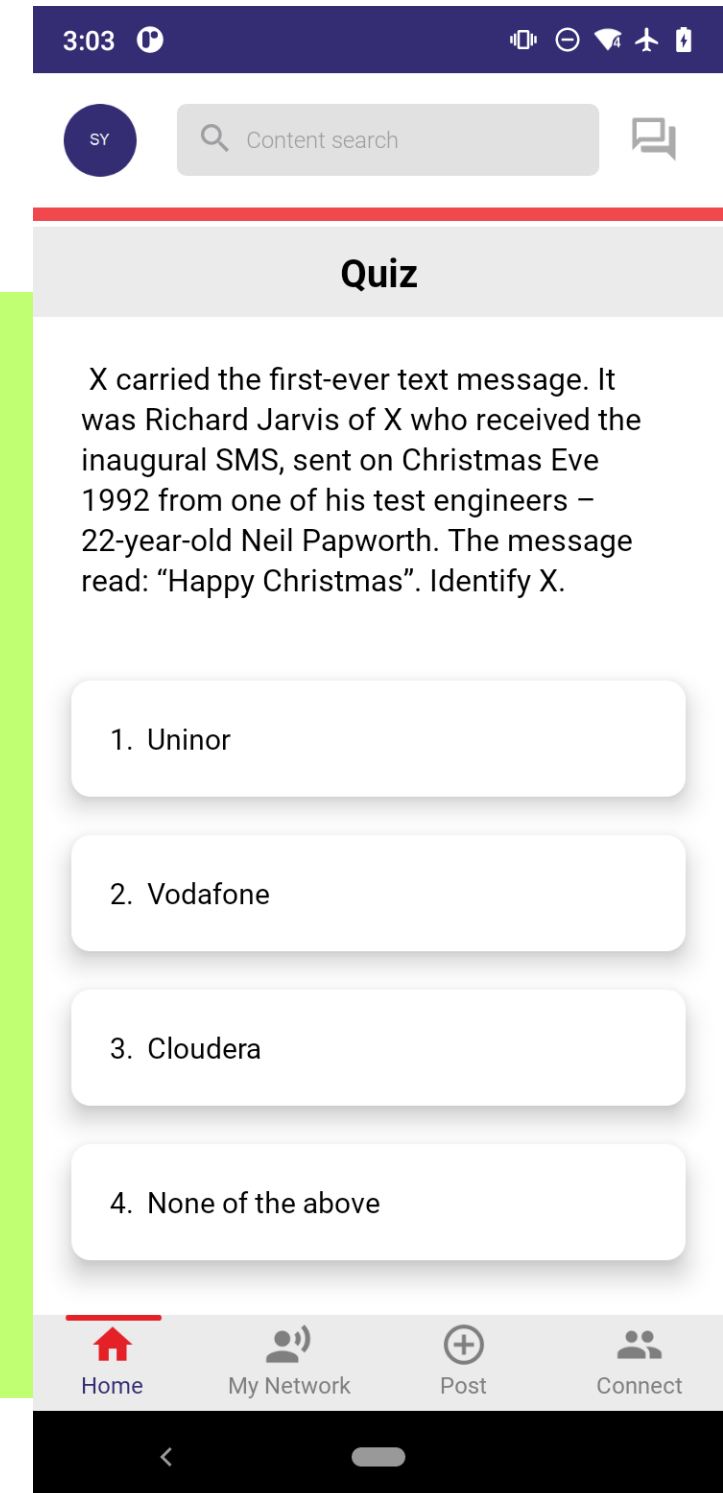

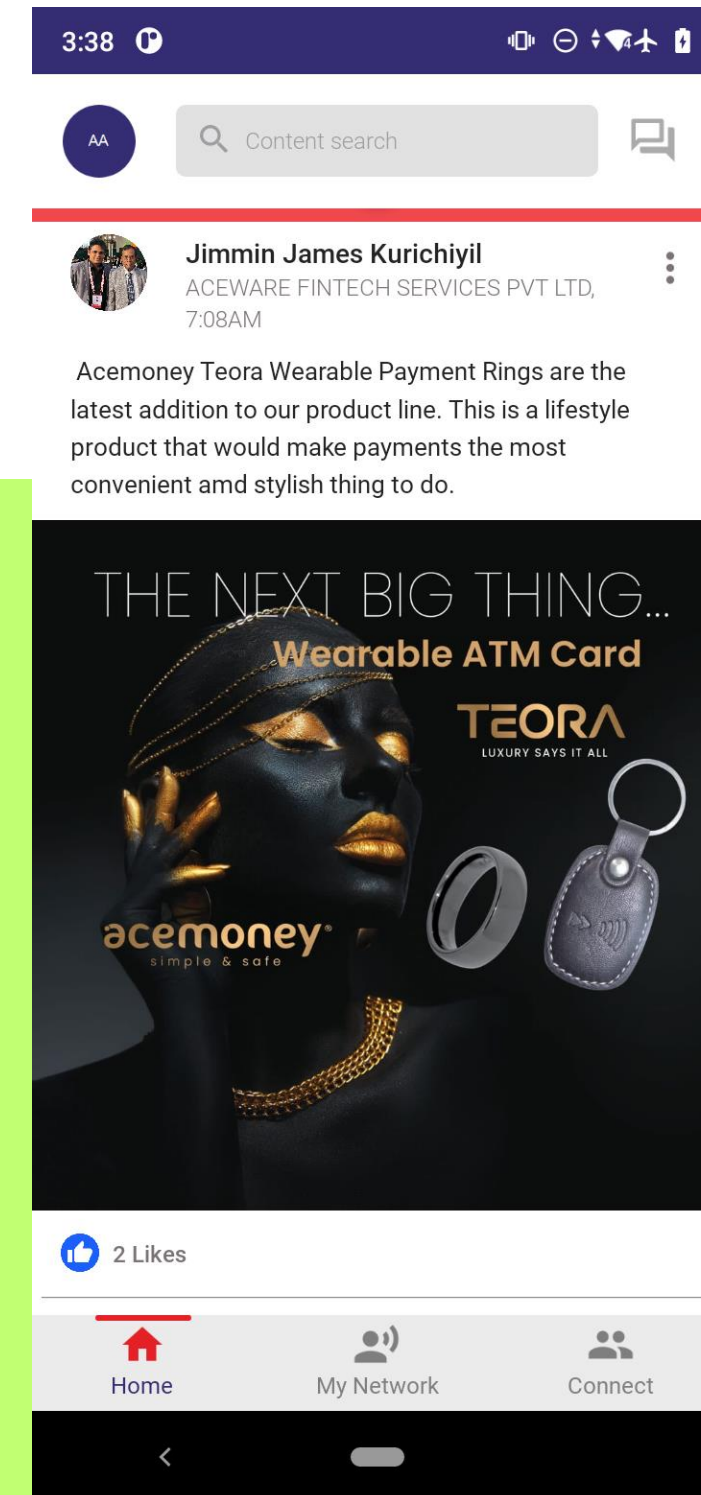

Llama mobile App allows you to reach your audience daily. Pushing news and bite size learnings. Measure their engagement and knowledge with spot quizzes.

Advantage

Llama Engagement App

- Send videos, pictures, HTML
- Push notifications
- Spot quizzes
- Moderated peer sharing
- Analytics
