Microsoft Fabric
4-week Proof of Concept

Let's put your data to work.

$35,000 CAD

KEY DELIVERABLES

The final product is one Power BI report that is the Minimal Viable Product (MVP) with a simple pipeline and semantic model behind it. We want internal resources to join all stages and learn what, how, and why we implement certain solutions to different problems. This is not a Blackbox approach.

What you will get:

- 1 x functional Power BI Report/Dashboard
- Simplified Data ingestion pipeline
- One functional semantic model
- Deeper understanding of Fabric
- Roadmap to expand and productizeFabric.
- Confidence that Fabric is right for your organization.
- Fabric overview training workshop (2hrs)

WHAT'S INCLUDED

Softlanding's Fabric Proof of Concept (PoC) shows how the new data platform can help businesses turn scattered data points into one integrated platform with less infrastructure costs.

Fabric is like the Microsoft 365 for data and analytics, offering a Software-as-a-Service solution for all data reporting, analytics, machine learning, AI, etc. This proof-of-concept helps data owners explore the different features of Fabric and how they can use it to easily ingest, transform and analyze their data.

Here is an overview of our PoC process:

SCOPE

> ### 2 POC DATA SOURCES
> Up to 2 PoC Data Sources ideally from a Relational Database Engine or provided flat files (csv, json, Excel)

> ### MINIMAL DATA CLEANSING

> ### ONE WORKSPACE ENVIRONMENT

DISCOVERY

DISCOVERY
PoC Report Specifics
Examination of Datasets
Policy Criteria Review

CONFIGURATION

CONFIGURATION
Workspace Setup
Admin Portal Configuration
Permissions

IMPLEMENTATION

IMPLEMENTATION
Data Ingestion
Data Modelling
Semantic Model Design
Report Development

NEXT STEPS

NEXT STEPS
Roadmap to full implementation

About Softlanding

Founded in 2000, Softlanding is a leading provider of cloud, professional, and managed IT services. We are a multi-award-winning Microsoft Solutions Partner with 5 Microsoft Solutions Designations and 9 Microsoft Specializations. We use our experience and expertise to solve our client's business challenges while creating a solid foundation for growth strategies, flexibility and scalability.
