Digitally Next Employee Engagement with Microsoft Viva Connection

IntraSenz — Fast Track Your Collaboration

Transform your organization's digital workplace with IntraSenz: the FastTrack solution for enhanced communication, collaboration, and productivity. This comprehensive platform integrates SharePoint Online, Viva Connections, and Microsoft Teams to empower users, foster knowledge sharing, and create a connected environment. IntraSenz delivers a personalized employee experience, leveraging Modern SharePoint Online and Viva Connections in Microsoft Teams across various devices. Experience the future of work today with IntraSenz's intuitive, ready-to-use modern components.
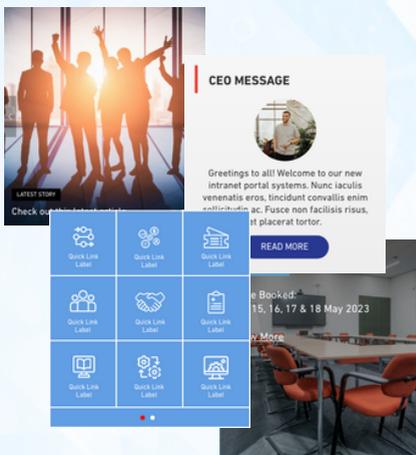

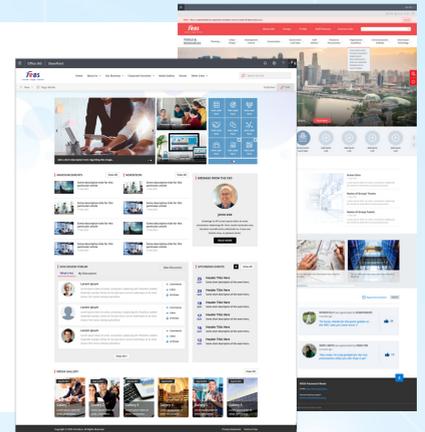

Drive Employee Experience With Viva Connection:

1. **Prepare**: Before implementing Viva Connections through IntraSenz, assess your organization's readiness, set clear goals and objectives, form a dedicated implementation team, and ensure the necessary infrastructure and resources are in place.
2. **Envision**: Develop a clear vision for how Viva Connections will enhance employee engagement, customize the app to reflect your organization's branding and culture, identify the types of information, news, and tools that are relevant to your employees, and plan and design engaging content that aligns with your goals.
3. **Realize**: Deploy Viva Connections using IntraSenz to seamlessly integrate the platform, provide comprehensive training to employees on how to access and utilize Viva Connections effectively, encourage employees to explore and personalize their Viva Connections experience, and foster a culture of collaboration and knowledge sharing through the platform.
4. **Sustain**: Continuously monitor and evaluate engagement levels and feedback from employees, promptly address any challenges or issues that arise to ensure a positive user experience, regularly update and refresh content to keep employees engaged and informed, and actively promote Viva Connections as a vital platform for communication and collaboration.

Fast Track Employee Engagement Experience Using **IntraSenz on Viva Connection in 30 Days**.

Be the Digital Next with TeBS
