

Power Automate

Microsoft Power Automate is a cloud-based service that enables users to automate workflows across various applications and services. Integrate and connect your favourite apps and services, such as Microsoft 365, SharePoint, OneDrive, Salesforce, and many others, to streamline repetitive tasks and processes.

By unlocking Power Automate with Ingentive, users can create workflows to automate tasks such as sending notifications, collecting data, syncing files, and more, ultimately saving time and increasing productivity.

Global Microsoft Award Winner

We have been recognised by Microsoft with six global awards including winning the inaugural award for Diversity and Inclusion partner of the year.

“They’re the experts in Microsoft products, we trust and utilise the Ingentive expertise and experience to digitally transform.”
Richard McGregor, Head of Digital Performance at Cumbria Health

Why Ingentive?

At **Ingentive**, we specialise in unleashing the full potential of Microsoft's business applications, orchestrating complex Azure deployments, and navigating the intricacies of Microsoft Modern Workplace, Power Platform and Cyber Security.

What sets us apart is our unwavering focus on infusing every solution with the transformative power of AI.
