

Driving Employee Experience for Frontline Workers

Powered by Microsoft Teams and Microsoft Viva

Make the most of your investment in Microsoft 365, enabling frontline workers to build new skills and engage in an inclusive company culture.

80% of employees are frontline workers so it is vital to engage them.¹

Leveraging tools designed to help them connect, engage, learn, and grow – ensure *every* employee feels included in your organization's purpose. When your deskless workers are included, you can increase customer satisfaction, improve retention rates, and nurture employee wellbeing by:

Build communities and encourage company-wide dialogue

Accelerate onboarding and upskilling

Support inclusion and wellbeing

Empower your frontline workforce today

Our offer features:

- ❖ **Discovery** of common high-impact use cases and opportunity to create a frontend for frontline workers using Microsoft Teams.
- ❖ Creation of a **rapid proof of concept** demonstrating the capability of the Microsoft 365 and Teams platform and integration to the backend system with point applications to address business needs.
- ❖ Creation of a **roadmap** for successful deployment and immediate impact.

With this engagement, we will work together to help you get the most out of your Microsoft 365 licensing and:

- Connect frontline workers with the right people, tools, and knowledge to get their job done
- Empower frontline workers to build new skills and engage in an inclusive company environment
- Automate processes with connected digital workflows, creating a unified platform for your workforce
- Secure your business with built-in security and compliance across endpoints and devices

Withum Experience

When it comes to Microsoft 365 and Employee Experience, you need an experienced partner who has helped organizations with a frontline workforce successfully engage and empower their teams. With our frontline worker offer, you get a ready-to-go package tailored to your needs that can evolve as your business grows.
