

# Power Platform Planning & Governance

Enable your organization to govern and monitor a Power Platform enterprise rollout while promoting citizen-led development and analytics

## 4-week assessment

This collaborative, 4-week engagement is focused on helping organizations promote the democratization of application development and analytics while still maintaining a level of governance and monitoring for their deployment of the Power Platform, including Power BI, Power Apps, Power Automate and Virtual Agents.

We provide guidance on the best way to roll out the platform for your organization, recommended tools and methods for monitoring compliance, and a Center of Enablement (CoE) framework.

### Expected outcomes

- ✓ Recommendations document
- ✓ Governance, CoE framework
- ✓ Best practices
- ✓ Monitoring toolkit reference
- ✓ 3-6-12 month roadmap
- ✓ Prioritized list of next steps
