Retrieving your CTI API Key

Follow the below steps to retrieve your CrowdSec CTI API key from the CrowdSec Console.

1

Log in to your CrowdSec Console account at app.crowdsec.net

2

Navigate to your Account Settings, and click on 'CTI API Keys'. Retrieve your key by clicking on the 'copy' icon.

Personal account (community)		Docs Company	y Academy Pricing Q 📮 + - 🗚
Security Engines Blocklists Hub Cr	owdSec Threat Intelligence Activity	Y Settings	AL
 General Interface Security Notifications Access Billing and plans CTIAPIKeys Organizations Security Engines 	< Back to the key list		alpaca@not-a-llama.com
	CTI API key « test » Here are the details of the CTI API key.		Your organizations
	Name	A key for my SIEM	Privacy - remis or service - Product loar
	Value	No note	amples,
		third-party apps or Rest API reference using swagger).	

4

Copy your API key and configure your integration. You will find step-by-step guides for all available integrations at doc.crowdsec.net/u/cti_api/integration_intro/

5

Alternatively, run a query against a given IP address using the following command:

curl -H "x-api-key: YOUR_API_KEY" https://cti.api.crowdsec.net/v2/smoke/IP_ADDRESS
