

# CB DYNAMICS 365 SEAMLESS ATTACHMENT EXTRACTOR

Save valuable Dynamics 365 database space by automatically moving attachments to alternative storage

All organisations reach the free storage limit in Dynamics 365 sooner or later. 70% of the database are usually documents and attachments which you can't get rid of - but they harm the CRM performance capacity and undermine its functionality.

CB Dynamics 365 Seamless Attachment Extractor transfers attachments automatically from D365 to SharePoint, Office 365, Azure File Storage or Azure Blob Storage.

It is the only solution on the market which keeps your documents within your environment – security guaranteed.

## Benefits

- Optimize your CRM, email attachment & document workflows
- Improve D365 speed and performance
- Improve document management & accessibility across your organization
- Standardize your document libraries
- Ensure data ownership
- Run in tandem with CB Dynamics 365 to SharePoint Permissions Replicator for highest security

## Features

Fully transparent  
& automated

Covers all operations

Event-based

No middle service

## Reading Material

### Reduce Dynamics 365 Database Storage Costs with SharePoint, Azure Blob or Azure File Storage

All organizations reach the free storage limit in Dynamics 365 sooner or later. In this article, we will examine possible scenarios of dealing with the issue of exhausting the available storage limit in the cloud CRM – at minimal cost and maximum benefit.

*"One of our clients is having a problem with increasing database size very quickly. The huge database size is also becoming a performance issue. Besides, the client is looking for decreasing the storage costs. Current database size is 530GB. We have checked the free add-on from Microsoft but we are reluctant about bringing it in our org full scale. Besides, looking for more functionality like extracting old and new documents"...*
