

CLM built for Enterprises

Discover limitless insights, converse with your contracts like never before, and eliminate risks and leakages **at a remarkable scale.**

Save time and \$\$ with AI powered Data Extraction.

Unlock your contract data for on-the-go access and deep analytics

01

Clause Extract

Instantly extract and tag 100+ clause categories for bulk analysis in real-time across any multi-format and multilanguage contract type, including:

- ✓ Your Contracts
- ✓ Counter-party Documents

03

Obligation Extract

Track contractual performance by automatically capturing all obligation and service level types from contracts, including:

- ✓ SLAs from SOWs
- ✓ Insurance
- ✓ Security
- ✓ Project Milestones
- ✓ +94 more

02

Metadata Extract

Discover and visualize valuable metadata details in and about contracts, such as:

- ✓ Price Escalations
- ✓ Rebates
- ✓ Risk Exposure
- ✓ Expiry
- ✓ +85 more

Negotiate Faster from Position of Strength with Trusted AI

Leverage AI-native assistants that analyze, review, and negotiate faster, more intelligent contracts.

04

Risk Analyzer

Eliminate risk exposure with intelligent, context-aware risk scores delivered in natural language. Assess risk levels, identify missing clauses, and spot deviations in clauses and terms for each contract — all in real-time.

- ✓ Actionable Insights
- ✓ Redline Recommendations
- ✓ Flag Missing Contract Elements

05

Summarize AI

Always know what's in your contract with AI-generated summaries that interpret and consolidate all vital information across the contract into an easily accessible, visual dashboard.

- ✓ Business-Personalized
- ✓ Easy to Reference
- ✓ Configurable Elements

Search faster using Next-GenAI for Data Discovery

Talk to your contracts in ways never possible before

06

SearchAI

A range of search options to tease out the exact contract data you need, when you need it, even if you can't quite remember the exact language.

- ✔ Contract Search
- ✔ Clause Search
- ✔ Free Text/Data Search

07

SimpliAssist

Your Virtual Contract Assistant.

Simply ask your contract questions in simple, natural language and get clear, reasoned answers linked to the relevant provisions, such as:

- ✔ Does this contract offer rebates?
- ✔ What was the direct damages cap in this contract?
- ✔ Is there a protocol for notifying the other party before disclosing any information in response to this subpoena?

“There was a pre-SimpliContract NHS and a post-SimpliContract NHS. The 'next-gen' nature of the platform is a significant differentiator from other platforms we've used in the past.”

Sean Greene

Director of Estates and Facilities
