

# Azure Assessment: Cloud Health Check

# Agenda

- 01 Getting the most out of your Azure environment
- 02 Roadmap for Azure optimization
- 03 How the Azure Assessment Works

# Azure Assessment: Cloud Health Check

Get the most out of your Microsoft Azure environment

- Meet or exceed Best Practices in your Microsoft Azure environment
- Gain insights that will deliver benefits right away

## Areas of concern or opportunity

Performance  
Improve cloud  
utilization

Reliability  
Optimize Azure  
deployments

Security  
Maximize cloud  
security

Costs  
Control rising  
Azure costs

# Azure Assessment: Cloud Health Check

## Roadmap for Microsoft Azure Optimization

- Real value for planning and decision-making
- Valuable new insights
- Action plan to optimize your Azure environment

### Benchmark

Benchmark your current Azure environment

### Visualize

Visualize your resources and costs

### Compliance

Compliance review against CIS benchmarks

### Insight

Detailed reports and documentation

### Plan

Optimization Action Plan to align with Azure best practices

# Azure Assessment: Cloud Health Check

How it works:

Over just 10 days, Aptum's Professional Services team turns large volumes of data into actionable insights!

Assess

Survey your  
Microsoft Azure  
environment

Analyze

Analyze and  
report on your  
data

Recommend

Recommendations  
for foundational  
optimizations

Consult

Debrief to shape  
an action plan  
with next steps

Thank You

The background features a light blue gradient with several thin, curved lines that sweep across the frame, creating a modern and minimalist aesthetic.
