

Copilot Studio Proof of Concept

Copilot Studio

In this Microsoft Copilot Accelerate offer, HCLTech will work with your team to uncover a valuable and relevant use case for Copilot Studio through a Discovery Workshop. Then HCLTech will tailor Copilot Studio to the specifications agreed upon in the workshops and conduct a presentation that demonstrates how the solution works.

Potential Uses for Copilot Studio:

- External Audience: Resolving customer Issues by automating customer service responses
- Internal Audience: Improving employee experiences by providing fast answers to HR and Policy inquiries, or standard employee processes and exception approval
