

Transform Your Insights Game:

Ditch the Old Surveys for Cutting-Edge AI

You're Well Aware:

- Traditional surveys can be a real hassle.
- They often yield minimal insights.
- Response rates? Disappointingly low.
- Yet, they've become the reluctant standard...

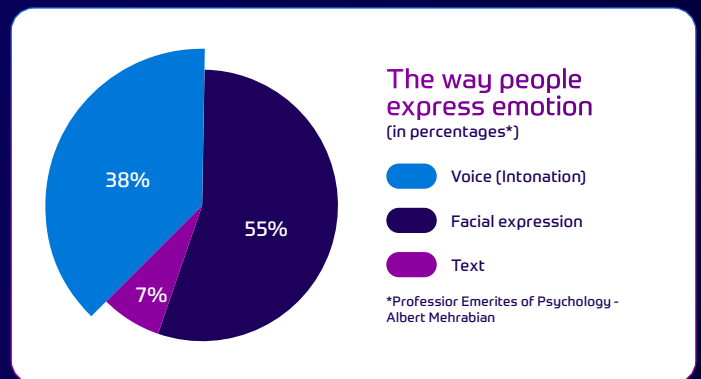

You also know...

- 'Satisfaction is an emotion!'
- Sentiment is shared through 'The Human Voice' by 38%*
- Emotion is not captured in scores & text (only 7%) so it lacks accuracy!

BUT IT DOESN'T HAVE TO BE THIS WAY!

Introducing Vess!

- Experience hassle-free feedback collection.
- Achieve higher accuracy with using the revolutionary 'human voice' AI for sentiment analytics!
- Gain real Customer Sentiment & Insights.

THIS IS HOW VESS WORKS

Vess listens to the 'human voices' in your audiodata

Vess detects the 6 universal emotions and topics out of the human voice

Vess displays your sentiment, emotions and topics out of conversations
