

A photograph of two women in a modern office environment. One woman, wearing a blue jacket and glasses, is pointing at a laptop screen while the other woman, in a black top, looks on attentively. The background shows a bright, open-plan office with glass walls and plants.

Priority Matrix + Teams

Project, Email, and Meeting Management to Help You Focus on What Matters Most

- ✓ **Microsoft 365 Security Certified**
- ✓ **Microsoft Outlook Editor's Choice**

What is Priority Matrix?

- **SaaS for Managing Emails, Meetings and Projects**
- Leading software for prioritization
- Email prioritization in Outlook
- Meeting agenda for Teams
- Central location for status updates
- Version control and audit history

The screenshot displays the Priority Matrix web application interface. At the top, there is a navigation bar with the following items: Priority Matrix, Chat, My Projects, One on One, My Team, Feed, Calendar, Help, and About. Below this is a secondary navigation bar for the current project, 'Prep for pre construction', which includes a search icon, a home icon with a notification badge, and an 'Add item' button. The main workspace is divided into two columns: 'Do Now' and 'Do Later'. The 'Do Now' column contains two items: 'Estimate project cost' (due in 11 days) and 'Assign site manager' (due in 11 days). The 'Do Later' column contains three items: 'Create working schedule for construction' (due in 21 days), 'Stakeholder meetings' (due in 2 months, with a 15% progress indicator), and 'Formulate budget' (due in 2 months). A 'Delegate' section is visible at the bottom of the 'Do Now' column, and a 'Contacts for site' section is at the bottom of the 'Do Later' column. On the right side, a detailed view of the 'Estimate project cost' item is shown, including its owner (Erica B.), progress (40%), effort, start date (February 20, 2021 12:00 AM), and due date (March 6, 2021 1:00 AM). A chat window is also visible at the bottom right, showing a conversation about setting a due date and attaching a budget template.

Project, Email, Meeting Management - All in One

- Task and project management
- Gantt charts
- Weekly agenda
- Priority task list
- Dashboard view
- Workload management
- One-on-One view
- Intelligent meeting agenda
- Project and team reports
- External collaboration

The image displays three overlapping screenshots of the Appfluence software interface, illustrating its capabilities in project, email, and meeting management.

The top-left screenshot shows a dashboard view with sections for "WEEKLY", "ACTIVE TEAMMATES - 8", and "ITEM STATUS BY TAG".

The middle screenshot shows a "My Team" view with "Team Activity" and profiles for Alex Moreno, David Martin, Demo User, and Erica Beaulieu.

The bottom-right screenshot shows a task list for "Prep for pre construction" with a Gantt chart and a task details panel for "Estimate project cost".

Fully Integrated into Microsoft Teams and Outlook

- ✓ **Microsoft 365 Security Certified**
- ✓ **Microsoft Outlook Editor's Choice**
- ✓ Deep Office / Teams/ Graph / Outlook integrations + E5 features
- ✓ One-click install across organization
- ✓ Can be used by almost all job functions at most industry verticals

Key Benefits to Customers

Time Savings

Customers report 2.5 hours per person per week of time saving.

Less Context Switching

Everything can be done inside Teams and Office – use fewer apps, get more done.

Productivity Intelligence

Access “related items” so that you always have the right context to do the right things

“With Priority Matrix, I have full visibility into all projects at any given time. The simplicity to manage and track projects from any platform is one of the main reasons I use Priority Matrix. In addition, with Priority Matrix, we collaborate in real time; this is extremely helpful when you are solving complex issues that require an immediate response.”

- Luis Maciel, Director of IT

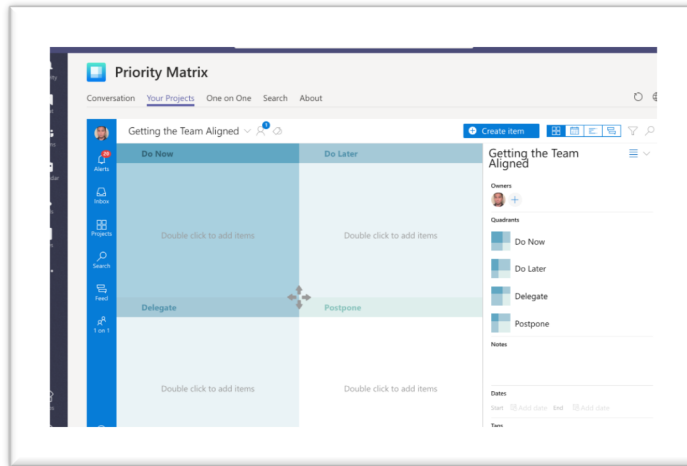

What Will Priority Matrix Do for You?

- Strengthens Office 365 cloud offering
- Priority Matrix solution applies to any company of any size that uses project management, email management, or task management
- Priority Matrix is a featured ISV for Microsoft Teams
- Priority Matrix drives 3rd party Teams engagement and incentivizes companies to transition to Office 365 / Outlook 365 more quickly

“Priority Matrix is a comprehensive integration for Microsoft Teams and the Microsoft Office platform. Being able to manage emails, access and create tasks in meetings as well as see priorities across my team and project without switching context shows the power of what Teams and Priority Matrix can do together.”

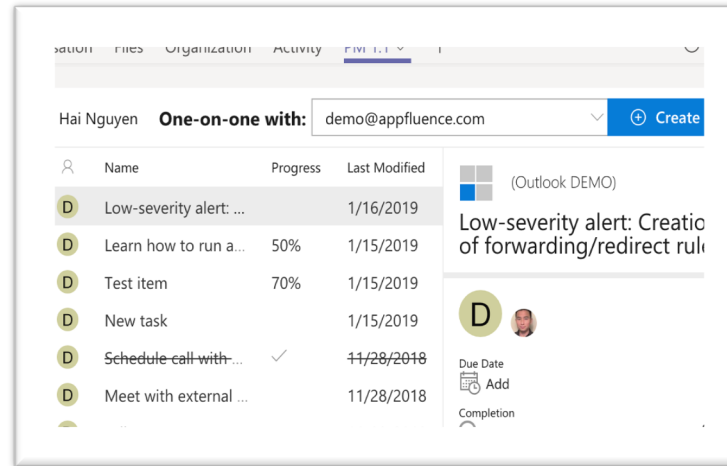

Mike Ammerlaan, Director - Microsoft Office 365 Ecosystem

Prioritization is hard. Priority Matrix makes it easy.

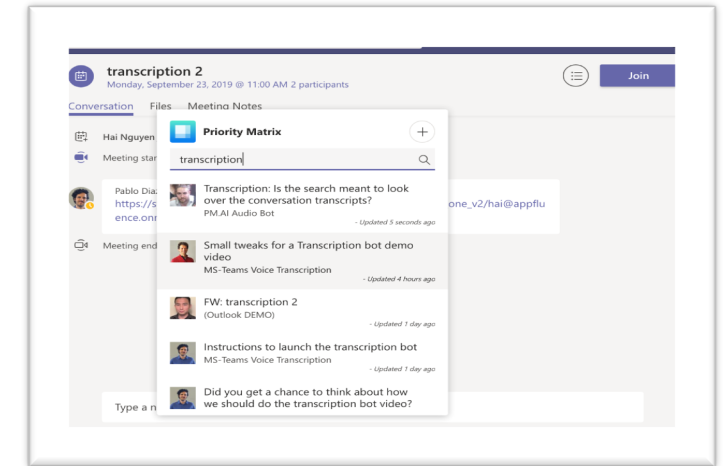

Built for Teams

Seamless project management solution embedded inside Teams and Outlook without context switching.

One-on-One

Innovative visualization of shared tasks, files, and action items with team members across Graph and Priority Matrix.

Contextual Intelligence

Surfaces tasks relevant to the email you're browsing or the conversation you're having so you can stay focused. Always.
