

Yes, you are an organization moving into a digital world

BUT

Have you *really* prepared yourself
to participate in this digital world?

WHAT DOES IT MEAN TO BE PREPARED?

And then there are more RISKS to manage

Risk to Productivity

Time Wasted on Paper Processes

46%
waste significant time daily on paper-intensive processes.

65%
spend between \$1,000 and \$5,000 monthly on paper processes.

Money Spent on Paper Processes

Risk to Identity

Risk to Privacy

And the RISK multipliers

Scattered Storage

Access control is huge task.
Also, privacy & security are not guaranteed.

Indiscriminate Distribution

- No trail of rights assigned or purpose
- No check of who it could have reached
- Version Changes

Unrestraint Usage

- No limitation on where it can be used or how many times

Businesses also need to manage other CHALLENGES
