

The Microsoft Teams application to implement hybrid work!

Comeen is all about helping you manage your in-office days and going back to the office!

Plan in office days from the tools you already know

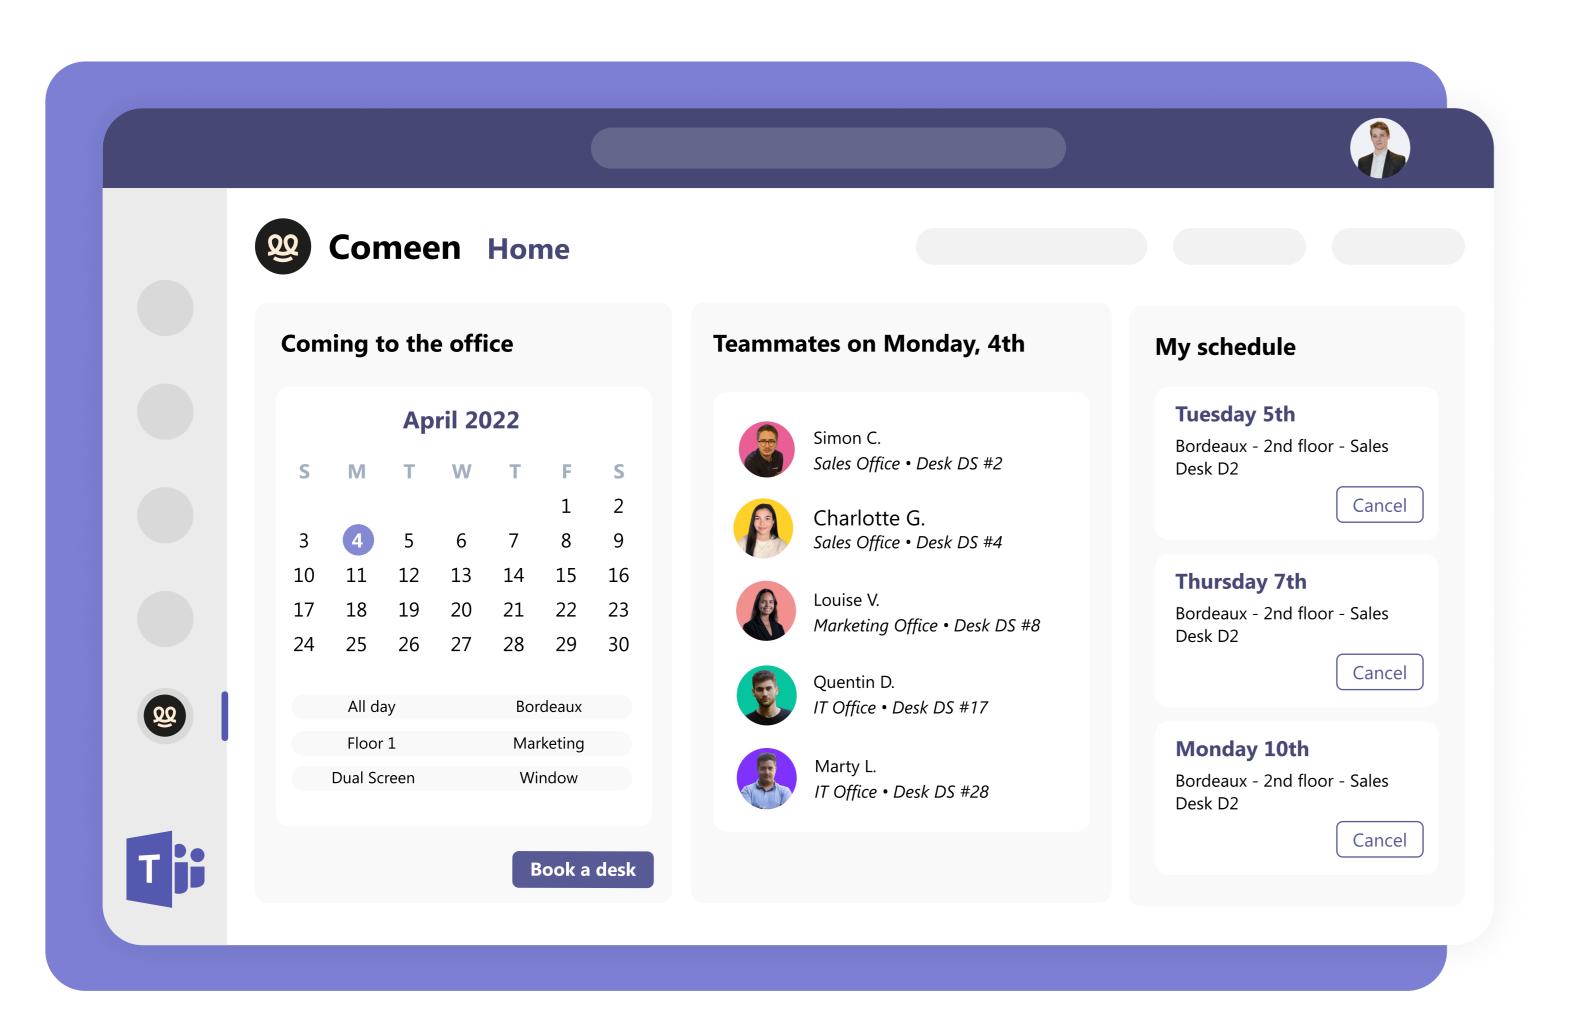

Find the best days to come to the office for better productivity

Comeen helps you schedule your time at the office

Directly into Microsoft Teams, find your best days to come to the office. See when your teammates are here, how many spots are left and plan your in-office days.

Easy desk booking for an optimized flex office

Choose a desk next to your favorite colleague and add all your equipment

When you plan your in-office days, you can also choose to book a desk with facilities. Next to the window? Or next to your favorite colleague?

Check-in to secure your venue and booking

Every feature is a chat away with Comeen chatbot, talk and book in a click

Easy confirmation of your presence or desk booking directly in Google Chat. You can also schedule your inoffice days from the chatbot with all your devices.
