## 01 Streamlined Employee Management with Core HR

Our Core HR capabilities are designed with your needs in mind. Simplifying compliance, centralizing data, providing clarity in hierarchy and streamlining the employee journey. We offer data-driven insights, empower employee self-service and deliver convenient mobile access. These features work together to make your HR tasks more efficient, compliant and user-friendly.

## 02 Experience hassle free Payroll

Experience compliant payroll made simple through the combined power of seamless Payroll Automation, an intuitive Payroll Simulator and efficient Payroll Robotic Process Automation (RPA). Say goodbye to the challenges that have plagued HR professionals for years. With a focus on streamlining payroll calculations, ensuring precision and effortless compliance, our goal is to redefine the payroll experience, reducing stress and enhancing efficiency.

## 03 Easy Time and Attendance tracking

We make things easy, from leave requests to precise attendance tracking. Receive reminders, access reports and ensure fair compensation effortlessly. Trust our security, use the mobile app and keep things straightforward. Your HR tasks have never been simpler, leaving you more time for what matters.

## 04 Compensation and Benefits made simple

Elevate employee satisfaction with PeopleHR's streamlined Compensation and Benefits. Simplify employee loans, centralize benefit management and automate meal planning. Make informed compensation decisions effortlessly. We make HR hassle-free and transparent, reducing administrative tasks and enhancing the employee experience.

## 05 Elevate Your People Management

Unlock the full potential of your organization with PeoplesHR's user-friendly People Management product suite. Streamline talent development, optimize HR processes and foster a culture of continuous improvement. Our holistic approach enhances employee engagement, ensuring sustained organizational success.

## 06 Effortless Talent Acquisition

Transform your talent acquisition journey into a seamless and efficient process with PeoplesHR. Anticipate and meet talent needs by simplifying job postings across various platforms and centrally managing applications. Our user-friendly interface ensures a positive candidate experience, offering customizable screening, collaborative team efforts and remote interviews.

## 07 Uncover Insights with People Analytics

Make informed decisions with real-time insights, streamline communication and measure employee engagement accurately. Drive success with a corporate snapshot from our Enterprise Dashboard with 6 dashboards, 389 indicators, 58 comparisons, 34 HR trends, 21 HR KPIs and 124 HR insights. Elevate your HR game with People Analytics, where data-driven decisions lead to a happier, more successful workforce.

## 08 Boost People Engagement with PeopleHR

Enhance People Engagement with PeopleHR's integrated tools. Foster teamwork, save HR time, streamline grievance resolution and gather insights to improve satisfaction. Encourage open communication, recognize contributions and strengthen team connections. PeopleHR helps you elevate engagement and cultivate a positive workplace culture with ease.
