

1 Bounding

In the work screen, bound the objects that correspond to the tags.

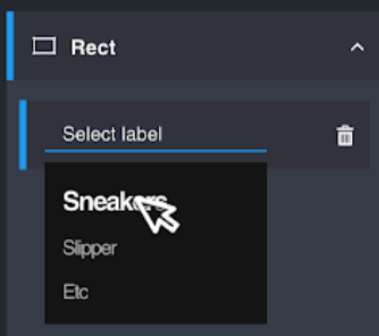

<Example: Tagging types of shoes>

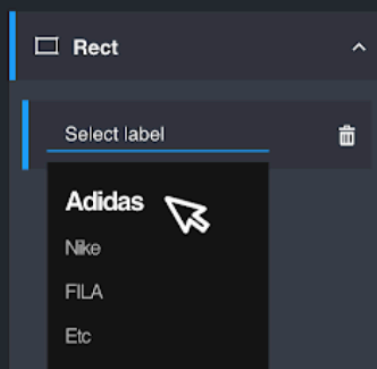

<Example: Tagging shoe brands>

2 Tag Selection

Select the tag corresponding to the object.

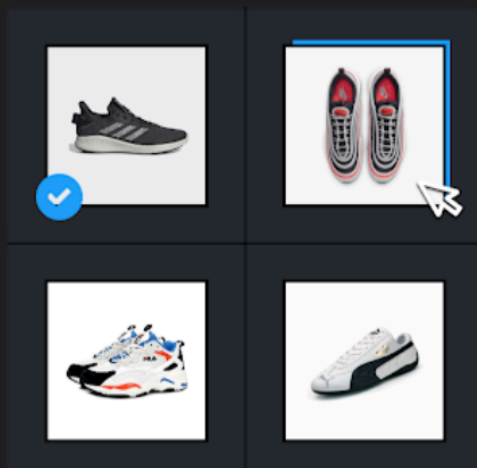

<Example: Tagging types of shoes>

<Example: Tagging shoe brands>

3 Move to Next Image

Proceed to the next image.

4 Completion

After bounding and selecting tags for all images, complete the task.
