

SUCCESS STORY

Case Study

ABOUT SCHOOL

Founded in 2020, Tunisian Smart School is the first smart school in Tunisia that enables Tunisian students living abroad to follow the official program of the Tunisian Ministry of Education remotely.

Tunisian Smart School's main objective is to offer innovative and fun learning methods to ensure attractive and constructive interactivity that meets our learners' needs.

Classera Global Awards

INTRODUCTION

In the covid-19 period, Classera launched, in collaboration with Taibah Schools in Tunisia, the initiative Learning Never Stops, ensuring online classes all over the country that engaged more than 3000 students.

This initiative opened new opportunities for Tunisian students living abroad, especially in the Gulf countries, to learn the Tunisian curriculum online.

From there was the launching of Tunisian Smart School, an online school that offers a Tunisian curriculum to students living abroad.

CHALLENGE

Parents are still not comfortable and familiar with the new mindset and idea of learning online without getting their children into a physical school.

To set up a 100% online school, the founders had to resort to a solid system that could manage learning in the best way.

SOLUTION

A

Online Tunisian Curriculum Program

B

Synchronous and Asynchronous Lessons

C

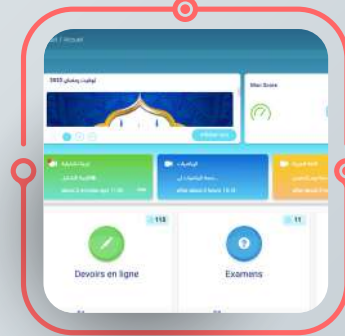

Student-paced learning

SYNCHRONOUS LEARNING

ASYNCHRONOUS LEARNING

ONLINE EXAMS

- 01 Face Recognition All Over The Exam Process
- 02 Live Face Monitoring
- 03 Live Screen Monitoring
- 04 Browser Lock
- 05 Reports With Student Infractions

RESULT

01 Accessibility to Tunisian Curriculum via a quality education

02 All education services are available everywhere and anytime

03 Electronic exams system with outstanding capabilities

04 Accessibility to Tunisian Curriculum via a quality education

05 Content & question banks

06 Providing printable books printing

RESULT

8835

Virtual Classes

With 87.91 %
students' interaction

Interactive Content

With 80.45 %
students' interaction

2398
