Why MDS/LiveRoute, Nutanix and Azure?

Simplified procurement process:

Microsoft Marketplace offers a streamlined procurement process that allows customers to purchase and manage their subscriptions in one place. This eliminates the need for customers to navigate multiple vendor websites and portals, saving them time and effort.

Access to system integrator expertise:

SI's like MDS/LiveRoute, can provide customers with expert guidance and support throughout the subscription period. We can help customers choose the right subscription plan, provide technical support, and offer training and education services. This ensures that customers get the most out of their **Nutanix** Project.

Business Benefits

Faster time-to-market: Rapidly deploy and utilize Nutanix on Azure to accelerate new initiatives.

Reduced operational costs: Optimize resource utilization and streamline management processes.

Enhanced business agility: Adapt to changing market conditions with greater flexibility and scalability.

Mitigate risks: Benefit from expert guidance and best practices for a secure and reliable cloud environment.

Customer Experience

Customer gets better onboarding experience on purchasing software subscription through marketplace, as it can provide integrated solution of product, professional service and managed services. Reducing procurement hassle.
