

# **PREVENT DATA OVERSHARING IN M365 WITH DATA GOVERNANCE REPORTS**

**WM Reply GmbH**

# WM REPLY M365 DATA GOVERNANCE TOOL

In today's digital landscape, effective data governance is crucial for maintaining the integrity, security, and compliance of your organization's information. Preventing data oversharing is essential to protect sensitive information and ensure that only authorized personnel have access to critical data. Our custom-developed tools for Microsoft 365 provide a robust solution for discovering and governing your data, empowering you to manage your information seamlessly. With our tools, you can achieve comprehensive data governance without the need for costly M365 E5 licenses, making it a cost-effective choice for your organization.

Unlock the full potential of your data with our innovative solutions and safeguard your business against data breaches and compliance risks.

## THE CUSTOMER JOURNEY

### Briefing Session

High level overview of how M365 are being used in your workplace and how we can transform your M365 experience

### In Depth Discovery

Discover how your data is being managed. What type of data are potentially overshared, or or shared in an insecure way.

### Best practices implementation

Understand and implement in your M365 environment data governance best practices. Stop data oversharing.

### Use provided tools on a daily basis

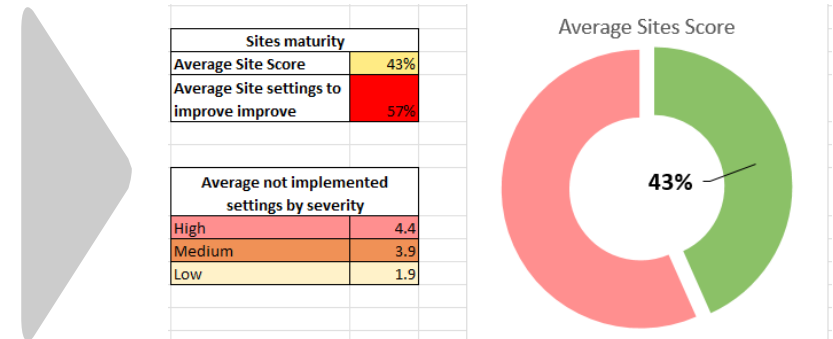

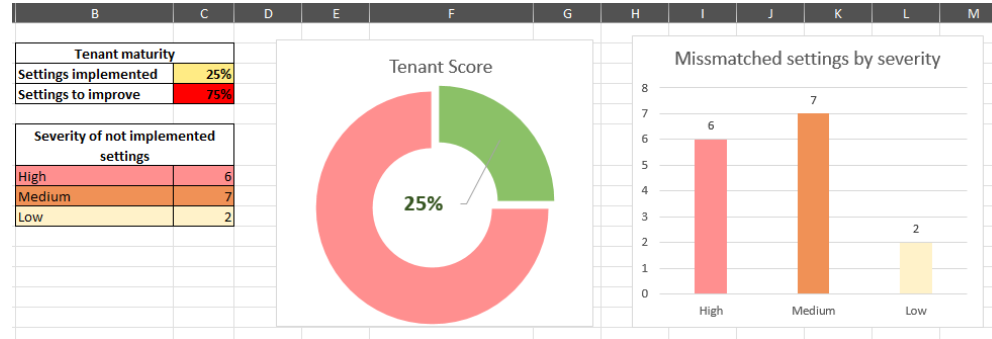

Provided tools and reports will stay with you for a lifelong. You can use it whenever you want and continuously manage your M365 data governance.
