

# GREAT EMPLOYEE COMMUNICATION IS CRITICAL TO YOUR ORGANIZATION'S SUCCESS.

## Modern Intranet with SharePoint Online and Viva Connections

Your people are the engine that makes your business run. Boost their ability to communicate effectively using the SharePoint Online platform and Viva Connections to create a compelling and productive intranet experience crafted by CDW. Our skilled, experienced Microsoft productivity engineers can work with you to envision, design and create it!

We also understand that building a house isn't all about the front door. We can support a wide range of productivity platform needs with SharePoint Online and Viva Connections, including adjacent needs such as onboarding content to SharePoint Online, securing sensitive data with Purview, workflow via Microsoft Power Platform, teamwork with Microsoft Teams, on-premises servers, mobility, security and much more.

A Modern Intranet with SharePoint Online and Viva Connections engagement can help you achieve:

-  **Agility**
-  **Faster Innovation**
-  **Increased Performance**

### Finding the Right Solution

It's not just engineering, either — it takes a team of subject matter experts to do it right. We provide a full-service approach featuring consultative advisory time and knowledge transfer for your IT team, interactive planning with your business, high-quality configuration engineering, end-user adoption activities and project management.

We have extensive experience with the following:

	Available
Design effective communications portal experiences with Microsoft SharePoint Online	✓
Workflow solutions with Microsoft Power Platform	✓
End-user adoption activities	✓
Secure sensitive data with Microsoft Purview	✓
Mobility and security	✓

CDW's full lifecycle of Services can support your organization no matter where you are on your journey

## CDW + MICROSOFT

We get Microsoft and we can share our knowledge with you so your organization can spend less time managing software and more time putting it to work.
