

IIOT VALUE AT SCALE

DIGITALIZATION CHALLENGE

Digitalization in production is the next edge for competitiveness. Value from IIOT solutions is a precondition for success.

AXULUS SOLUTION

Let AXULUS IIOT Operations Management System be your autopilot for value creation from IIOT ad Digitalization.

BUSINESS IMPACT

Industry Specific Use Case and Solution Templates powered by scalable workflows accelerate IIOT Value by 5x.

HOW IT WORKS

AXULUS digitalizes the IIOT innovation cycle from use case identification, to modular solution design to installation of solutions in the shopfloor. Benefit from wizard driven processes, templates and communities to accelerate IIOT value.

Use Case Wizard | Modular Solution Designer | Installation Workflows
Industrie Specific Libraries | JIRA Integration | Automation and AI
MS Azure hosted (private option) | SaaS Subscription Plans
