Cloud Deployment for Epic EHR

Committed to improve healthcare globally through a wide range of innovative, design-centric, transformed digital business operation and cost-effective solutions.

HCIgroup — A Tech Mahindra Company

The HCI Group:

The HCI Group is a global leader in healthcare digital transformation, IT consulting, and technology solutions. HCI provides Healthcare Digital Transformation services across many areas, including Strategy, EHR Implementation, Optimization, Automation, Infrastructure, IT Managed Services, and Support.

The Group is committed to improving healthcare globally through a combination of disruptive innovation and cost reduction. HCI's vision is to transform the healthcare industry into leaders of the adoption of digital technology. As a fully owned subsidiary of Tech Mahindra since 2017, HCI not only continues to deliver our inherent offerings, but we now also bring the additional support, commitment, and solution breadth from Tech Mahindra.

- ❖ Over 158k+ employees in 90+ countries.
- ❖ **Industry's first ever EHR Migration on Cloud.**
- ❖ **One of the largest multi EHRs set up.**
- ❖ Over 400 healthcare and 160 Epic clients.
- ❖ Combined Epic skills of over 1800 years!.

Our Cloud Deployment for Epic EHR's Duration – 6 to 12 months based on size, scope and requirements.

EHR Cloud Deployment Phase approach:

*** Provided partial details here.*

*** Survey and Discovery:-**

Assess, Scope, Survey
Business Requirements
Costs Projections and Budget Approvals

*** Business Requirements & Analysis:-**

Architecture, Infrastructure, IT Resources
Architectural Blue Prints
Cloud Foundation

*** Plan, Plan, Plan:-**

Finalize Waves, Sync and Migration approach
App Mix, 3rd Party App, Integration
Delivery and Timelines

*** Groundwork in Waves:-**   *** Post Migration:-**

Build and Test	Managed Services
Go-Live Migration	Monitoring
Support	Maintenance

MIGRATION TO CLOUD – WHERE WE HAVE DONE IT?

Key Use Cases for Cloud		Scope
EMR Migration — Migrating EMR to Azure.	St. Luke's UNIVERSITY HEALTH NETWORK	Migrated **all 20 EMR Environments** and **all relevant IT resources** with their App Mix in multi region Azure cloud.
Data Center Migration — Migrating legacy datacenters to cloud including application modernization and re-platforming	AT&T	Migrate **7000 Apps, 32000+ servers** and workloads into Azure in one of the **largest cloud migrations** ever executed.
	JACKSON	Transitioning the entire digital portfolio of more than **400 applications and numerous workflows to Azure.**
	FC	Create Azure Platform, DevOps Pipelines and migrate **200+ applications into the cloud.**
	*Kimberly-Clark	Migrating Human Resources, Finance and SCM via a **suite of applications from On-Prem to Cloud**, empowering teammates and increase productivity
DevOps & Observability — Continuous improvement and automation in software delivery and optimize the performance and health of applications in real time.	verizon	Transform the organization from traditional ITIL operations into DevOps & SRE led with strict SLO adherence. Over **300+ microservices applications** in the mix.
	SBI	Modernize **20+ extremely complex applications**, convert into microservices and implement observability using Dynatrace.
	Ford	Migrate **100+ applications** from on-prem to cloud with DevOps **using tekton**, pcf applications migrated into GKE.
Cloud Platform Engineering — Designing, building, and managing scalable and efficient infrastructure in the cloud.	Fidelity	Implement foundational cloud platform and self-service consumption of Azure and GCP services. Over **10,000 devs utilize the platform** for cloud deployment automation,.
	EY	Global network design, landing zone design across **60+ countries and 10+ azure regions** along with self-service implementation for cloud service consumption. Implemented **FinOps to manage cloud spend of $180Mn+.**

What we offer?

- ❑ Cloud Deployment of Epic EHR
- ❑ Infrastructure & Cloud Services
- ❑ Healthcare IT Consulting
- ❑ Infrastructure Managed Services
- ❑ Epic Implementation & Support
- ❑ Enterprise Security & Risk Mgmt.
- ❑ Network Services
- ❑ Testing Services

What our customers are saying?

"Whether it is Client Partners connecting us with industry leaders or their Sr. Integration Analyst taking the time to ensure we understand the most complex interface, HCI is truly committed to their customers. We would not have reached such success without their guidance, innovative spirits, and willingness to see us thrive. I am proud to call HCI our partners."

Amy R. Nuñez
MBA, CHCIO, CDH-E
IT Director, Clinical Applications and Training, eClinicalWorks Certified, EMR & PM, Mountain Park Health Center

Our Cloud Approach:

- ➢ Cloud Strategy and Roadmap
- ➢ Design and Planning
- ➢ Cloud Deployment
- ➢ Cloud Operate
- ➢ Closure and Maintain
