## digital drilling performance measurement

1

**industry leader**

21 years of independent, top-class operations state detection

2

**identify savings**

know your rig, crew and fleet performance

3

**performance improvement**

tde engineering team expertise to increase rig efficiency

4

**empowering customers to outperform**

1000's of Key Performance Indicators

## tde proNova use cases

OMV

saving OMV \$3m+ in 9 months

millions saved by identifying inefficiencies

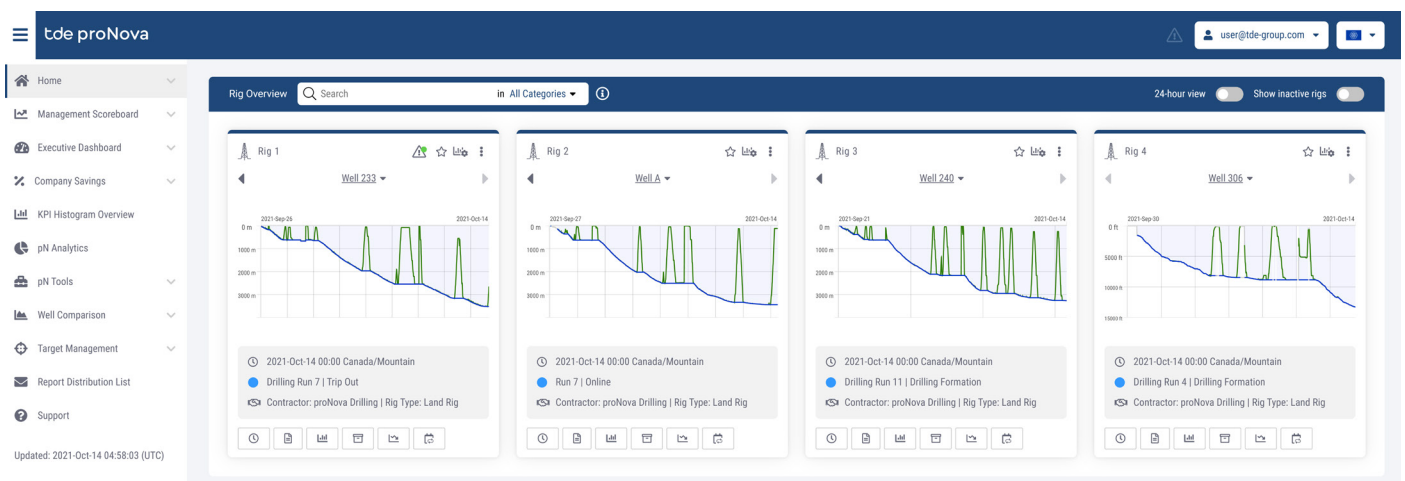

Aker BP

setting new standards in rig efficiency

best in world class well delivery
